

**LISANTI SMALL CAP GROWTH FUND (the “Fund”)  
(formerly known as the Dinosaur Lisanti Small Cap Growth Fund)**

**Supplement dated February 1, 2018 to the Statement of Additional Information (“SAI”) dated  
May 1, 2017, as supplemented**

**1. *Change to the name of the Fund***

All references to the Dinosaur Lisanti Small Cap Growth Fund are hereby replaced with Lisanti Small Cap Growth Fund.

**2. *Change in Website***

All references to the Fund’s website, [www.dinosaurlisanti.com](http://www.dinosaurlisanti.com), are hereby replaced with [www.lisantismallcap.com](http://www.lisantismallcap.com).

**3. *The section entitled “Fees” beginning on page 17 of the SAI is hereby deleted in its entirety and replaced with the following:***

**Fees.** The Adviser receives an advisory fee from the Fund at an annual rate equal to 0.95% of the Fund’s average annual daily net assets under the terms of the Advisory Agreement. The advisory fee, if not waived, is accrued daily and paid monthly by the Fund and is assessed based on the daily net assets of the Fund.

In addition to receiving its advisory fee from the Fund, the Adviser may also act and be compensated as investment manager for its clients with respect to assets that such clients have invested in the Fund. If you have a separately managed account with the Adviser with assets invested in the Fund, the Adviser will credit an amount equal to all or a portion of the fees received by the Adviser against any investment management fee to be received from the separately managed account.

The Adviser has contractually agreed to waive its fee and/or reimburse Fund expenses to limit the Fund’s Total Annual Fund Operating Expenses (excluding all taxes, interest, portfolio transaction expenses, proxy expenses, and extraordinary expenses) to 1.35% through April 30, 2019 (“Expense Cap”).

The Expense Cap may only be raised or eliminated with the consent of the Board. The Adviser may be reimbursed by the Fund for fees waived and expenses reimbursed by the Adviser pursuant to the Expense Cap if such payment is made within three years of the fee waiver or expense reimbursement and does not cause the Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement of the Fund to exceed the lesser of (i) the then-current expense cap, or (ii) the expense cap in place at the time the fees/expenses were waived/reimbursed. Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement will increase if exclusions from the Expense Cap apply.

Table 1 in Appendix B shows the dollar amount of advisory fees accrued by the Fund, the amount of advisory fees waived and/or expenses reimbursed by the Adviser, if any, and the actual advisory fees retained by the Adviser. The data provided is for the last three fiscal years.

## DINOSAUR LISANTI SMALL CAP GROWTH FUND (the “Fund”)

Supplement dated January 8, 2018 to the Statement of Additional Information (“SAI”) dated May 1, 2017, as supplemented.

*The sub-sections entitled “A. Board of Trustees,” “D. Information Concerning Trust Committees” and “E. Compensation of Trustees and Officers” in the section entitled “Board of Trustees, Management and Service Providers” beginning on page 11 of the SAI are hereby deleted in their entirety and replaced with the following:*

### **BOARD OF TRUSTEES, MANAGEMENT AND SERVICE PROVIDERS**

---

#### **A. Board of Trustees**

The Trust is governed by its Board of Trustees. The Board oversees the management and operations of the Trust and the Fund in accordance with federal law, Delaware law and the stated policies of the Fund. The Board oversees the Trust’s officers and service providers, including the Adviser, which is responsible for the management of the day-to-day operations of the Fund based on policies and agreements reviewed and approved by the Board. In carrying out these responsibilities, the Board regularly interacts with and receives reports from senior personnel of service providers and the Trust’s Chief Compliance Officer (“CCO”). The Board also is assisted by the Trust’s independent auditor (which reports directly to the Trust’s Audit Committee), independent counsel and other experts as appropriate. The Trustees serve until their respective successors have been elected and qualified or until their earlier death, resignation or removal.

The Fund does not hold itself out as related to any other series within the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series. As a result, the term “Fund Complex” applies only to the Fund.

**Board Structure and Related Matters.** Independent Trustees constitute at least a majority of the Board members. As of January 1, 2018, four of the Trust’s Trustees retired and were replaced by four new Trustees, who were previously elected by shareholders. An existing Independent Trustee serves as Independent Chair of the Board. The Independent Chair’s responsibilities include: setting an agenda for each meeting of the Board; presiding at all meetings of the Board and Independent Trustees; and serving as a liaison with other Trustees, the Trust’s officers, other management personnel and counsel to the Fund. The Independent Chair also performs such other duties as the Board may from time to time determine.

The Trustees discharge their responsibilities collectively as a Board, as well as through Board committees, each of which operates pursuant to a charter or procedures approved by the Board that delineates the specific responsibilities of that committee. The Board has established three standing committees: the Audit Committee, the Nominating Committee and the Qualified Legal Compliance Committee. The members and responsibilities of each Board committee are summarized below.

The Board periodically evaluates its structure and composition as well as various aspects of its operations. The Board believes that its leadership structure, including its Independent Chair position and its committees, is appropriate for the Trust in light of, among other factors, the asset size and nature of the Fund, the number of funds overseen by the Board, the arrangements for the conduct of the Fund’s operations, the number of Trustees and the Board’s responsibilities. On an annual basis, the Board conducts a self-evaluation that considers, among other matters, whether the Board and its committees are functioning effectively and whether, given the size and composition of the Board and each of its committees, the Trustees are able to oversee effectively the number of funds.

The Board holds four regularly scheduled in-person meetings each year. The Board may hold special meetings, as needed, either in person or by telephone, to address matters arising between regular meetings. At least once per quarter, during a regularly scheduled in-person meeting of the Board, the Independent Trustees meet without the presence of interested Trustees.

The Trustees are identified in the table below, which provides information as to their principal business occupations held during the last five years and certain other information. Each Trustee serves until his or her death, resignation or removal and replacement. The address for all Trustees is c/o Atlantic Fund Services, Three Canal Plaza, Suite 600, Portland, Maine 04101. John Y. Keffer, a former Trustee of the Trust, has been appointed as a Trustee Emeritus of the Trust by the Trustees. As Trustee Emeritus, Mr. Keffer will not have a vote with respect to Trust matters; however, Mr. Keffer may attend Board meetings.

Name and Year of Birth	Position with the Trust	Length of Time Served	Principal Occupation(s) During Past Five Years	Number of Series in Fund Complex Overseen By Trustee	Other Directorships Held By Trustee During Past Five Years
<b>Independent Trustees</b>					
David Tucker Born: 1958	Trustee; Chairman of the Board	Since 2011 and Chairman since 2018	Director, Blue Sky Experience (a charitable endeavor) since 2008; Senior Vice President & General Counsel, American Century Companies (an investment management firm) 1998-2008.	1	Trustee, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds.
Mark D. Moyer Born: 1959	Trustee	Since 2018	Chief Financial Officer, Freedom House (a NGO advocating political freedom and democracy) since 2017; independent consultant providing interim CFO services, principally to non-profit organizations, 2011-2017; Chief Financial Officer, Institute of International Education (a NGO administering international educational exchange programs), 2008-2011; Chief Financial Officer and Chief Restructuring Officer, Ziff Davis Media Inc. (an integrated media company), 2005-2008; Adjunct Professor of Accounting, Fairfield University from 2009-2012.	1	Trustee, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds

Jennifer Brown-Strabley Born: 1964	Trustee	Since 2018	Principal, Portland Global Advisors, 1996-2010.	1	Trustee, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds
<b>Interested Trustees<sup>1</sup></b>					
Stacey E. Hong Born: 1966	Trustee	Since 2018	President, Atlantic since 2008.	1	Trustee, Forum Funds II and U.S. Global Investors Funds
Jessica Chase Born: 1970	Trustee	Since 2018	Senior Vice President, Atlantic since 2008.	1	None.

<sup>1</sup> Stacey E. Hong is currently treated as an interested person of the Trust, as defined in the 1940 Act, due to his affiliation with Atlantic. Jessica Chase is currently an interested person of the Trust, as defined in the 1940 Act, due to her affiliation with Atlantic and her role as President of the Trust.

In addition to the information set forth in the table above, each Trustee possesses other relevant qualifications, experience, attributes or skills. The following provides additional information about these qualifications and experience.

**David Tucker:** Mr. Tucker has extensive experience in the investment management industry, including experience in senior management, legal and compliance roles at two large mutual fund complexes; service on various committees of the Investment Company Institute (“ICI”); and director of ICI Mutual (a mutual insurance company sponsored by the investment company industry), including service as chairman of the underwriting, risk and fraud committees of ICI Mutual’s board of directors. Mr. Tucker actively serves charitable organizations in the metropolitan Kansas City area.

**Mark D. Moyer:** Mr. Moyer has extensive experience with finance. He currently serves as chief financial officer for a non-governmental organization, and has served as chief financial officer for an integrated media company and a not-for-profit organization. Mr. Moyer also served as an adjunct professor of accounting at Fairfield University.

**Jennifer Brown-Strabley:** Ms. Brown-Strabley has extensive experience in the financial services and investment management industry, including experience in fixed-income sales and quantitative research for hedge funds and as a principal of a registered investment adviser.

**Stacey E. Hong:** Mr. Hong has extensive experience in auditing as a certified public accountant, and in the financial services industry as the president of a fund service provider specializing in administration, accounting, and transfer agency services for pooled investment products. Mr. Hong has served as a principal executive officer and as a principal financial officer for certain investment companies.

**Jessica Chase:** Ms. Chase has extensive experience in the fund services industry, including senior management roles overseeing the mutual fund and hedge fund accounting operations for a large bank provider and business development for a fund service provider specializing in third-party mutual fund administration. Ms. Chase serves as principal executive officer for certain investment companies.

**Risk Oversight.** Consistent with its responsibility for oversight of the Trust and the Fund, the Board oversees the management of risks relating to the administration and operation of the Trust and the Fund. The Adviser, as part of its responsibilities for the day-to-day operations of the Fund, is responsible for day-to-day risk management. The Board, in the exercise of its reasonable business judgment, also separately considers potential risks that may impact the Fund. The Board performs this risk management oversight directly and, as to certain matters, through its

committees (described below) and through the Independent Trustees. The following provides an overview of the principal, but not all, aspects of the Board’s oversight of risk management for the Trust and the Fund.

In general, the Fund’s risks include, among others, investment risk, valuation risk, compliance risk and operational risk. The Board has adopted, and periodically reviews, policies and procedures designed to address these and other risks to the Trust and the Fund. In addition, under the general oversight of the Board, the Adviser and other service providers have themselves adopted a variety of policies, procedures and controls designed to address particular risks. Different processes, procedures and controls are employed with respect to different types of risks. Further, the Adviser oversees and regularly monitors the investments, operations and compliance of the Fund’s investments.

The Board also oversees risk management for the Trust and the Fund through review of regular reports, presentations and other information from officers of the Trust and other persons. Senior officers of the Trust, senior officers of the Adviser and the CCO regularly report to the Board on a range of matters, including those relating to risk management. In this regard, the Board periodically receives reports regarding other service providers to the Trust, either directly or through the CCO. On at least a quarterly basis, the Independent Trustees meet with the CCO to discuss matters relating to the Fund’s compliance program. Further, at least annually, the Board receives a report from the CCO regarding the effectiveness of the Fund’s compliance program.

The Board receives regular reports from a Valuation Committee, composed of the Principal Executive Officer, the Principal Financial Officer, the CCO, a senior fund accounting member, a senior representative from the Administrator’s regulatory administration group and a representative of the Adviser. The Valuation Committee operates pursuant to the Trust’s Valuation and Error Correction Policy (the “Valuation Policy”), as approved by the Board. The Valuation Committee reports to the Board on the pricing of the Fund’s shares and the valuation of the Fund’s portfolio securities; recommends, subject to approval by the Board, independent pricing services to provide a value for Fund assets; makes and monitors fair value determinations pursuant to the Valuation Policy; and carries out any other functions delegated to it by the Board relating to the valuation of Fund assets.

The Board also regularly receives reports from the Adviser with respect to the investments and securities trading of the Fund. For example, typically, the Board receives reports, presentations and other information from the Adviser on at least an annual basis in connection with the Board’s consideration of the renewal of the investment advisory agreement between the Adviser and the Trust on behalf of the Fund (the “Advisory Agreement”). Also, if applicable, the Board receives reports from the Adviser and other service providers in connection with the Board’s consideration of the renewal of any distribution plan of the Fund under Rule 12b-1 under the 1940 Act. Senior officers of the Trust and senior officers of the Adviser also report regularly to the Audit Committee on valuation matters, internal controls and accounting and financial reporting policies and practices. In addition, the Audit Committee receives regular reports from the Trust’s independent auditors on internal control and financial reporting matters.

**Trustee Ownership in the Fund and the Fund Complex.** The following table sets forth each Trustee’s ownership of the Fund and the Fund Complex.

Trustees	Dollar Range of Beneficial Ownership in the Fund as of December 31, 2017	Aggregate Dollar Range of Ownership as of December 31, 2017 in all Registered Investment Companies Overseen by Trustee in the Fund Complex
<b>Independent Trustees</b>		
David Tucker	None	None
Mark D. Moyer	None	None
Jennifer Brown-Strabley	None	None
<b>Interested Trustee</b>		
Stacey E. Hong	None	None
Jessica Chase	None	None

**D. Information Concerning Trust Committees**

**Audit Committee.** The Trust’s Audit Committee, which typically meets quarterly, consists of Messrs. Tucker and Moyer and Ms. Brown-Strabley, constituting all of the Independent Trustees. Pursuant to a charter adopted by the Board, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Trust. It is directly responsible for the appointment, termination, compensation and oversight of work of the independent auditors to the Trust. In so doing, the Audit Committee reviews the methods, scope and results of the audits and audit fees charged, and reviews the Trust’s internal accounting procedures and controls. During the fiscal year ended December 31, 2017, the Audit Committee met five times.

**Nominating Committee.** The Trust’s Nominating Committee, which meets when necessary, consists of Messrs. Tucker and Moyer and Ms. Brown-Strabley, constituting all of the Independent Trustees. Pursuant to a charter adopted by the Board, the Nominating Committee is charged with the duty of nominating all Trustees and committee members and presenting these nominations to the Board. The Nominating Committee will not consider any nominees for Trustees recommended by security holders. During the fiscal year ended December 31, 2017, the Nominating Committee met two times.

**Qualified Legal Compliance Committee.** The Qualified Legal Compliance Committee (the “QLCC”), which meets when necessary, consists of Messrs. Tucker and Moyer and Ms. Brown-Strabley, constituting all of the Independent Trustees. The QLCC evaluates and recommends resolutions to reports from attorneys servicing the Trust regarding evidence of material violations of applicable federal and state law or the breach of fiduciary duties under applicable federal and state law by the Trust or an employee or agent of the Trust. During the fiscal year ended December 31, 2017, the QLCC did not meet.

**E. Compensation of Trustees and Officers**

Effective January 1, 2018, each Trustee is paid an annual fee of \$31,000 for service to the Trust. The Chairman of the Board is paid an annual fee of \$41,000. The Chairman of the Audit Committee is paid an additional fee of \$2,000 annually. The Trustees and Chairman may receive additional fees for special Board meetings. Each Trustee is also reimbursed for all reasonable out-of-pocket expenses incurred in connection with his or her duties as a Trustee, including travel and related expenses incurred in attending Board meetings. No officer of the Trust is compensated by the Trust, but officers are reimbursed for travel and related expenses incurred in attending Board meetings held outside of Portland, Maine.

The following table sets forth the fees paid to each Trustee by the Fund and the Fund Complex for the fiscal year ending December 31, 2017.

<b>Trustee</b>	<b>Aggregate Compensation from the Fund</b>	<b>Pension or Retirement Benefits Accrued as part of Fund Expenses</b>	<b>Total Compensation from Fund Complex</b>
<b>Independent Trustees</b>			
David Tucker	\$1,553	N/A	\$1,553
Mark D. Moyer	\$0	N/A	\$0
Jennifer Brown-Strabley	\$0	N/A	\$0
<b>Interested Trustees</b>			
Stacey E. Hong	\$0	N/A	\$0
Jessica Chase	\$0	N/A	\$0

**PLEASE RETAIN FOR FUTURE REFERENCE.**

**DINOSAUR LISANTI SMALL CAP GROWTH FUND (the “Fund”)  
(formerly known as the Lebenthal Lisanti Small Cap Growth Fund)**

**Supplement dated September 8, 2017 to the Statement of Additional Information (“SAI”)  
dated May 1, 2017**

On March 24, 2017, Lebenthal Lisanti Capital Growth, LLC (“Lebenthal Lisanti”), the investment adviser to the Fund, advised the Board of Trustees (“Board”) of Forum Funds (“Trust”) that an entity holding a minority ownership interest in Lebenthal Lisanti expected to enter into an arrangement that would cause Lebenthal Lisanti to undergo a change of control, resulting in the automatic termination of the current investment advisory agreement between the Trust and Lebenthal Lisanti.

In anticipation of the change in control of Lebenthal Lisanti, and to provide for continuity of management, on August 25, 2017, the Board approved the termination of the existing advisory agreement with Lebenthal Lisanti and approved an Interim Investment Advisory Agreement, effective as of August 31, 2017 (“Interim Agreement”) between the Trust, on behalf of the Fund, and Lisanti Capital Growth, LLC (“Lisanti Capital”). The Interim Agreement will remain in effect for no more than 150 days from August 31, 2017, or until Fund shareholders approve a new investment advisory agreement for the Fund, whichever is earlier. On September 15, 2017, the Board expects to consider a new investment advisory agreement (“New Agreement”) between the Trust, on behalf of the Fund, and Lisanti Capital and determine whether to submit the New Agreement to the Fund’s shareholders for their approval.

In connection with the appointment of Lisanti Capital as interim adviser, the Fund changed its name from the Lebenthal Lisanti Small Cap Growth Fund to the Dinosaur Lisanti Small Cap Growth Fund.

As a result of the changes described above, the SAI is supplemented as follows:

**1. *Change to the name of the Fund.***

All references to the Lebenthal Lisanti Small Cap Growth Fund are replaced with Dinosaur Lisanti Small Cap Growth Fund.

**2. *Change in Investment Adviser.***

All references to Lebenthal Lisanti Capital Growth, LLC are replaced with Lisanti Capital Growth, LLC.

All references in the SAI to the business address of the investment adviser are hereby replaced with 112 W. 34<sup>th</sup> Street, Suite 17082, New York, NY 10120.

**3. *Change in Website.***

All references to [www.Lebenthal-lisantismallcap.com](http://www.Lebenthal-lisantismallcap.com) are hereby replaced with [www.dinosaurlisanti.com](http://www.dinosaurlisanti.com).

**4. *In the “Board of Trustees, Management and Service Providers” section of the SAI, in the subsection titled “F. Investment Adviser,” the paragraphs titled “Services of Adviser,” “Ownership of Adviser” and “Advisory Agreement” beginning on page 16 are hereby deleted in their entirety and replaced with the following:***

**Services of Adviser.** Effective on August 31, 2017, Lisanti Capital Growth, LLC (“Adviser”) was appointed to serve as the interim investment adviser to the Fund pursuant to an Interim Investment Advisory Agreement (“Interim Agreement”) entered into between the Trust, on behalf of the Fund, and

the Adviser. The Interim Agreement will remain in effect for no more than 150 days from August 31, 2017, or until Fund shareholders approve a new investment advisory agreement, whichever is earlier.

Under the Interim Agreement, the Adviser furnishes, at its own expense, all services, facilities and personnel necessary in connection with managing the Fund's investments and effecting portfolio transactions for the Fund. The Adviser may compensate brokers or other service providers ("Financial Intermediaries") out of its own assets, and not as additional charges to the Fund, in connection with the sale and distribution of shares of the Fund and/or servicing of these shares.

**Ownership of Adviser.** The Adviser is 52% owned by Ms. Mary Lisanti, portfolio manager of the Fund, and 48% owned by Dinosaur Financial Group, LLC, a registered broker-dealer.

**Advisory Agreement.** Effective August 31, 2017, the Board appointed the Adviser to serve as the interim investment adviser to the Fund, and commence management of the Fund pursuant to the Interim Agreement. The Interim Agreement will remain in effect for no more than 150 days from August 31, 2017 or until Fund shareholders approve a new investment advisory agreement, whichever is earlier.

The Interim Agreement is terminable without penalty by the Trust with respect to the Fund on 60 days' written notice when authorized either by vote of the Fund's shareholders or by a majority vote of the Board, or by the Adviser on 60 days' written notice to the Trust. The Interim Agreement terminates immediately upon assignment. Under the Interim Agreement, the Adviser is not liable for any mistake of judgment or mistake of law, or any event whatsoever except for lack of good faith or by reason of willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of reckless disregard of its obligations and duties under the Interim Agreement.

**PLEASE RETAIN FOR FUTURE REFERENCE.**

**LEBENTHAL LISANTI SMALL CAP GROWTH FUND (the “Fund”)**

**Supplement dated June 13, 2017 to the Statement of Additional Information (“SAI”) dated  
May 1, 2017, as supplemented**

On May 30, 2017, the Fund filed a supplement anticipating that an entity holding a minority ownership interest in Lebenthal Lisanti Capital Growth, LLC (the “Adviser”) would enter into a strategic transaction that would cause the Adviser to undergo a change of control (“Transaction”), resulting in the automatic termination of the original investment advisory agreement between the Adviser and Forum Funds (the “Trust”), on behalf of the Fund (“Original Agreement”). In anticipation of the Transaction and termination of the Original Agreement, the Trust’s Board of Trustees approved the termination of the Original Agreement, effective upon the close of the Transaction, and approved an Interim Investment Advisory Agreement to take effect upon the termination of the Original Agreement.

Because the Transaction did not close as anticipated, the Original Agreement was not terminated and remains in effect.

As a result, the supplement dated May 30, 2017 is rescinded by this supplement.

For more information, please contact a Fund customer service representative at (800) 441-7031 (toll free).

**PLEASE RETAIN FOR FUTURE REFERENCE.**

**LEBENTHAL LISANTI SMALL CAP GROWTH FUND (the “Fund”)**

**Supplement dated May 30, 2017 to the Statement of Additional Information (“SAI”)  
dated May 1, 2017**

On March 24, 2017, Lebenthal Lisanti Capital Growth, LLC (“Adviser”), the investment adviser to the Fund, advised the Board of Trustees (“Board”) of Forum Funds (“Trust”) that an entity holding a minority ownership interest in the Adviser expected to enter into an arrangement that would cause the Adviser to undergo a change of control, resulting in the automatic termination of the current investment advisory agreement between the Trust and the Adviser.

In anticipation of the change in control of the Adviser, and to provide for continuity of management, on May 24, 2017, the Board approved the termination of the existing advisory agreement with the Adviser and approved an Interim Investment Advisory Agreement, effective as of May 31, 2017 (“Interim Agreement”) between the Trust, on behalf of the Fund, and the Adviser. The Interim Agreement will remain in effect for no more than 150 days from May 31, 2017, or until Fund shareholders approve a new investment advisory agreement for the Fund, whichever is earlier. On June 15, 2017, the Board expects to consider a new investment advisory agreement (“New Agreement”) between the Trust, on behalf of the Fund, and the Adviser and determine whether to submit the New Agreement to the Fund’s shareholders for their approval.

As a result of the changes described above, the SAI is supplemented as follows:

- 1. In the “Board of Trustees, Management and Service Providers” section of the SAI, in the subsection titled “F. Investment Adviser,” the paragraphs titled “Services of Adviser,” “Ownership of Adviser” and “Advisory Agreement” beginning on page 16 are hereby deleted in their entirety and replaced with the following:*

**Services of Adviser.** Effective on May 31, 2017, Lebenthal Lisanti Capital Growth, LLC (“Adviser”) was appointed to serve as the interim investment adviser to the Fund pursuant to an Interim Investment Advisory Agreement (“Interim Agreement”) entered into between the Trust, on behalf of the Fund, and the Adviser. The Interim Agreement will remain in effect for no more than 150 days from May 31, 2017, or until Fund shareholders approve a new investment advisory agreement, whichever is earlier.

Under the Interim Agreement, the Adviser furnishes, at its own expense, all services, facilities and personnel necessary in connection with managing the Fund’s investments and effecting portfolio transactions for the Fund. The Adviser may compensate brokers or other service providers (“Financial Intermediaries”) out of its own assets, and not as additional charges to the Fund, in connection with the sale and distribution of shares of the Fund and/or servicing of these shares.

**Ownership of Adviser.** The Adviser is 49% owned by Ms. Mary Lisanti, portfolio manager of the Fund, 48% owned by Lebenthal Asset Management, LLC, a registered investment adviser, and 3% owned by Ms. Alexandra Lebenthal.

**Advisory Agreement.** Effective May 31, 2017, the Board terminated the investment advisory agreement between the Trust, on behalf of the Fund, and the Adviser. Also, effective on May 31, 2017, the Adviser was appointed to serve as the interim investment adviser to the Fund, and commenced management of the Fund pursuant to the Interim Agreement. The Interim Agreement will remain in effect for no more than 150 days from May 31, 2017 or until Fund shareholders approve a new investment advisory agreement, whichever is earlier.

The Interim Agreement is terminable without penalty by the Trust with respect to the Fund on 60 days' written notice when authorized either by vote of the Fund's shareholders or by a majority vote of the Board, or by the Adviser on 60 days' written notice to the Trust. The Interim Agreement terminates immediately upon assignment. Under the Interim Agreement, the Adviser is not liable for any mistake of judgment or mistake of law, or any event whatsoever except for lack of good faith or by reason of willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of reckless disregard of its obligations and duties under the Interim Agreement.

## KEY DEFINED TERMS

---

As used in this SAI, the following terms have the meanings listed.

“1933 Act” means the Securities Act of 1933, as amended, including rules, regulations, SEC interpretations, and any exemptive orders or interpretive relief promulgated thereunder.

“1940 Act” means the Investment Company Act of 1940, as amended, including rules, regulations, SEC interpretations, and any exemptive orders or interpretive relief promulgated thereunder.

“Adviser” means Lebenthal Lisanti Capital Growth, LLC, the Fund’s investment adviser.

“Board” means the Board of Trustees of the Trust.

“Independent Trustees” means trustees who are not interested persons of the Trust, as defined in Section 2(a)(19) of the 1940 Act.

“IRC” means the Internal Revenue Code of 1986, as amended.

“IRS” means the Internal Revenue Service.

“NAV” means net asset value per share.

“RIC” means a domestic corporation qualified as a “regulated investment company” (as defined in Subchapter M of Chapter 1, Subtitle A, of the IRC).

“SEC” means the U.S. Securities and Exchange Commission.

## INVESTMENT POLICIES AND RISKS

---

The Fund is a diversified open-ended series of the Trust. This section supplements, and should be read in conjunction with, the Prospectus. The following are descriptions of the investments and investment practices that the Fund may pursue (in addition to those described in the Prospectus) and the associated risks. Please see the Prospectus for a discussion of the Fund's investment objective, principal investment strategies and principal risks.

### A. Security Ratings Information

The Fund's investments are subject to the credit risk relating to the financial condition of the issuers of the securities that the Fund holds. The Fund may purchase securities of any rating – investment grade or non-investment grade. Investment grade means rated in the top four long-term rating categories or unrated and determined by the Adviser to be of comparable quality. The Fund may purchase unrated securities, if at the time of purchase, the Adviser believes that they are of comparable quality to rated securities that the Fund may purchase. Unrated securities may not be as actively traded as rated securities.

The lowest ratings that are investment grade for corporate bonds, including convertible securities, are "Baa" in the case of Moody's Investors Service, Inc. ("Moody's") and "BBB" in the cases of Standard & Poor's Financial Services, LLC, a division of the McGraw-Hill Companies, Inc. ("S&P"), and Fitch, Inc. ("Fitch"); for preferred stock the lowest ratings are "Baa" in the case of Moody's and "BBB" in the cases of S&P and Fitch. The Fund may retain securities whose ratings have declined below the lowest permissible rating category (or that are unrated and determined by the Adviser to be of comparable quality to securities whose ratings have declined below the lowest permissible rating category) if the Adviser determines that retaining such security is in the best interests of the Fund.

Moody's, S&P, Fitch and other organizations, together known as Nationally Recognized Statistical Rating Organizations ("NRSROs"), provide ratings of the credit quality of debt obligations, including convertible securities. A description of the range of ratings assigned to various types of bonds and other securities is included in Appendix A to this SAI. The Adviser may use these ratings to determine whether to purchase, sell or hold a security. Ratings are general and are not absolute standards of quality. Credit ratings attempt to evaluate the safety of principal and interest payments and do not evaluate the risks of fluctuations in market value. An issuer's current financial condition may be better or worse than a rating indicates.

### B. Equity Securities

**Common and Preferred Stock.** The Fund may invest in common and preferred stock. Common stock represents an ownership interest in a company and usually possesses voting rights and earns dividends. Dividends on common stock are not fixed but are declared at the discretion of the issuer. Common stock generally represents the riskiest investment in a company. In addition, common stock generally has the greatest appreciation and depreciation potential because increases and decreases in earnings are usually reflected in a company's common stock price. Preferred stock is a class of stock having a preference over common stock as to the payment of dividends or the recovery of investment should a company be liquidated, although preferred stock is usually junior to the debt securities of the issuer. Preferred stock typically does not possess voting rights. Preferred stock is subject to the risks associated with other types of equity securities, as well as additional risks, such as credit risk, interest rate risk, potentially greater volatility and risks related to deferral, non-cumulative dividends, subordination, liquidity, limited voting rights, and special redemption rights.

The fundamental risk of investing in common and preferred stock is the risk that the value of the stock might decrease. Stock values fluctuate in response to the activities of an individual company or in response to general market and/or economic conditions. Historically, common stocks have provided greater long-term returns and have entailed greater short-term risks than preferred stocks, fixed-income securities and money market investments. This may not be true currently or in the future. The market value of all securities, including common and preferred stocks, is based upon the market's perception of value and not necessarily the book value of an issuer or other objective measure of a company's worth. If you invest in the Fund, you should be willing to accept the risks of the stock market and should consider an investment in the Fund only as a part of your overall investment portfolio.

**Smaller Companies.** The Fund invests in securities issued by smaller companies. Historically, smaller company securities have been more volatile in price than larger company securities, especially over the short term. Among the

reasons for the greater price volatility are the less certain growth prospects of smaller companies, the lower degree of liquidity in the markets for such securities, and the greater sensitivity of smaller companies to changing economic conditions.

In addition, smaller companies may lack depth of management, may be unable to generate funds necessary for growth or development, their products or services may be concentrated in one area or they may be developing or marketing new products or services for which markets are not yet established and may never become established.

**Warrants.** The Fund may invest in warrants. Warrants are securities, typically issued with preferred stock or bonds that give the holder the right to purchase a given number of shares of common stock at a specified price and time. The price usually represents a premium over the applicable market value of the common stock at the time of the warrant's issuance. Warrants have no voting rights with respect to the common stock, receive no dividends and have no rights with respect to the assets of the issuer.

Investments in warrants involve certain risks, including the possible lack of a liquid market for the resale of the warrants, potential price fluctuations due to adverse market conditions or other factors and failure of the price of the common stock to rise. If the warrant is not exercised within the specified time period, it becomes worthless.

**American Depositary Receipts.** The Fund may invest in sponsored and unsponsored American Depositary Receipts ("ADRs"). ADRs typically are issued by a U.S. bank or trust company, evidence ownership of underlying securities issued by a foreign company, and are designed for use in U.S. securities markets. The Fund may invest in ADRs in order to obtain exposure to foreign securities markets. For the purpose of the Fund's investment policies, the Fund's investment in an ADR will be considered an investment in the underlying securities of the applicable foreign company.

Unsponsored depositary receipts may be created without the participation of the foreign issuer. Holders of these receipts generally bear all the costs of the depositary receipt facility, whereas foreign issuers typically bear certain costs in a sponsored depositary receipt. The bank or trust company depositary of an unsponsored depositary receipt may be under no obligation to distribute shareholder communications received from the foreign issuer or to pass through voting rights. Accordingly, available information concerning the issuer may not be current, and the prices of unsponsored depositary receipts may be more volatile than the prices of sponsored depositary receipts.

**Convertible Securities.** The Fund may invest in convertible securities. Convertible securities include fixed-income securities, preferred stock or other securities that may be converted into or exchanged for a given amount of common stock of the same or a different issuer during a specified period and at a specified price in the future. A convertible security entitles the holder to receive interest on debt or the dividend on preferred stock until the convertible security matures or is redeemed, converted or exchanged.

Investments in convertible securities generally entail less risk than an investment in the issuer's common stock because convertible securities rank senior to common stock in a company's capital structure but are usually subordinated to comparable non-convertible securities. Convertible securities have unique investment characteristics in that they generally: (1) have higher yields than the underlying common stock, but lower yields than comparable non-convertible securities; (2) are less subject to fluctuation in value than the underlying common stock since they have fixed-income characteristics; and (3) provide the potential for capital appreciation if the market price of the underlying common stock increases.

A convertible security may be subject to redemption at the option of the issuer at a price established in the convertible security's governing instrument. If a convertible security is called for redemption, the Fund will be required to permit the issuer to redeem the security, convert it into the underlying common stock or sell it to a third party.

Convertible securities are typically issued by smaller capitalization companies whose stock price may be volatile. Therefore, the price of a convertible security may reflect variations in the price of the underlying common stock in a way that non-convertible debt does not. The extent to which such risk is reduced, however, depends in large measure upon the degree to which the convertible security sells above its value as a fixed-income security.

The Fund may invest in high yield securities that provide poor protection for payment of principal and interest but may have greater potential for capital appreciation than do higher quality securities. These securities also have greater risk of default or price changes due to changes in the issuers' creditworthiness than do higher quality securities. The market for these securities may be thinner and less active than that for higher quality securities, which may affect the price at which

the lower rated securities can be sold. In addition, the market prices of these securities may fluctuate more than the market prices of higher quality securities and may decline significantly in periods of general economic difficulty or rising interest rates. Under such conditions, the Fund may have to use subjective rather than objective criteria to value its high yield/high risk securities investments accurately and may rely more heavily on the judgment of the Adviser to do so.

### **C. Foreign Securities**

The Fund may invest in foreign securities. Investments in the securities of foreign issuers may involve risks in addition to those normally associated with investments in the securities of U.S. issuers. All foreign investments are subject to risks of: (1) foreign political and economic instability; (2) adverse movements in foreign exchange rates; (3) the imposition or tightening of exchange controls or other limitations on repatriation of foreign capital; and (4) changes in foreign governmental attitudes towards private investment, including potential nationalization, increased taxation or confiscation of the Fund's assets.

In addition, dividends and interest payable on foreign securities may be subject to foreign withholding taxes, thereby reducing the income available for distribution or reinvestment by the Fund. Some foreign brokerage commission and custody fees are higher than in the U.S. Foreign accounting, auditing and financial reporting standards differ from those in the U.S. and therefore, less information may be available about foreign companies than is available about issuers of comparable U.S. companies. Foreign securities also may trade less frequently and with lower volume and may exhibit greater price volatility than U.S. securities.

Changes in foreign exchange rates will affect the U.S. dollar value of all foreign currency-denominated securities held by the Fund. Exchange rates are influenced generally by the forces of supply and demand in the foreign currency markets and by numerous other political and economic events occurring outside the U.S., many of which may be difficult, if not impossible, to predict.

Income from foreign securities will be received and realized in foreign currencies, and the Fund is required to compute and distribute income in U.S. dollars. Accordingly, a decline in the value of a particular foreign currency against the U.S. dollar after the Fund's income has been earned and computed in U.S. dollars may require the Fund to liquidate portfolio securities to acquire sufficient U.S. dollars to make a distribution. Similarly, if the exchange rate declines between the time the Fund incurs expenses in U.S. dollars and the time such expenses are paid, the Fund may be required to liquidate additional foreign securities to purchase the U.S. dollars required to meet such expenses.

### **D. Leverage Transactions**

The Fund may use leverage to increase potential returns. Leverage involves special risks and may involve speculative investment techniques. Leverage exists when cash made available to the Fund through an investment technique is used to make additional Fund investments. Leverage transactions include borrowing for other than temporary or emergency purposes, purchasing securities on margin (borrowing money from a bank to purchase securities), selling securities short (selling securities that are not owned), lending portfolio securities, entering into repurchase agreements, dollar rolls and purchasing securities on a when-issued, delayed delivery or forward commitment basis. The Fund uses these investment techniques only when the Adviser believes that the leveraging and the returns available to the Fund from investing the cash will provide investors with a potentially higher return.

The risks of leverage include a higher volatility of the Fund's NAV which may be magnified by favorable or adverse market movements or changes in the cost of cash obtained by leveraging and the yield from invested cash. So long as the Fund is able to realize a net return on its investment portfolio that is higher than interest expense incurred, if any, leverage will result in higher current net investment income for the Fund than if the Fund was not leveraged. Changes in interest rates and related economic factors could cause the relationship between the cost of leveraging and the yield to change so that rates involved in the leveraging arrangement may substantially increase relative to the yield on the obligations in which the proceeds of the leveraging have been invested. To the extent that the interest expense involved in leverage approaches the net return on the Fund's investment portfolio, the benefit of leveraging will be reduced, and, if the interest expense incurred as a result of leveraging on borrowings were to exceed the net return to investors, the Fund's use of leverage would result in a lower rate of return than if the Fund was not leveraged. If the Fund's current investment income was not sufficient to meet the interest expense of leveraging, it could be necessary for the Fund to liquidate some of its investments at an inappropriate time.

**Borrowing.** Pursuant to Section 18(f)(1) of the 1940 Act, the Fund may not issue any class of senior security or sell any senior security of which it is the issuer, except that the Fund shall be permitted to borrow from any bank so long as immediately after such borrowings, there is an asset coverage of at least 300% and that in the event such asset coverage falls below this percentage, the Fund shall reduce the amount of its borrowings, within 3 days (excluding Sundays and holidays), to an extent that the asset coverage shall be at least 300%. The Fund, however has adopted a non-fundamental policy pursuant to which it may only borrow money from a bank in amounts up to 5% of the Fund's total assets. The Fund will generally borrow money to increase its returns. Typically, if a security purchased with borrowed funds increases in value, the Fund may sell the security, repay the loan and secure a profit.

The Fund may not pledge, mortgage or hypothecate its assets, except it may pledge 5% of its assets to secure permitted indebtedness.

Borrowing creates the risk of magnified capital losses. If the Fund buys securities with borrowed funds and the value of the securities declines, the Fund may be required to provide the lender with additional funds or liquidate its position in these securities to continue to secure or repay the loan. The Fund may also be obligated to liquidate other portfolio positions at an inappropriate time in order to pay off the loan or any interest payments associated with the loan. To the extent that the interest expense involved in a borrowing transaction approaches the net return on the Fund's investment portfolio, the benefit of borrowing will be reduced, and, if the interest expense is incurred as a result of borrowing were to exceed the net return to investors, the Fund's use of borrowing would result in a lower rate of return than if the Fund did not borrow. The size of any loss incurred by the Fund due to borrowing will depend on the amount borrowed. The greater the percentage borrowed the greater potential of gain or loss to the Fund.

### **E. Illiquid and Restricted Securities**

The Fund may invest in illiquid and restricted securities. The term "illiquid securities" means securities that cannot be disposed of within seven days in the ordinary course of business at approximately the amount at which the Fund has valued the securities. The Fund has a non-fundamental policy pursuant to which it may not invest more than 15% of its net assets in illiquid securities. Illiquid securities include: (1) repurchase agreements not entitling the holder to payment of principal within seven days; (2) purchased over-the-counter options; (3) securities which are not readily marketable; and (4) securities subject to contractual or legal restrictions on resale because they have not been registered under the 1933 Act ("restricted securities").

Rule 144A Securities, which are restricted securities, may be less liquid investments than registered securities because such securities may not be readily marketable in broad public markets. A Rule 144A restricted security carries the risk that the Fund may not be able to sell the security when the portfolio manager considers it desirable to do so or that the Fund may have to sell the security at a lower price than that which would be available if the security were more liquid. In addition, transaction costs may be higher for 144A securities than for more liquid securities. Although there is a substantial institutional market for Rule 144A securities, it is not possible to predict exactly how the market for Rule 144A securities will develop. A restricted security which when purchased was liquid in the institutional markets may subsequently become illiquid.

Limitations on resale may have an adverse effect on the marketability of a security and the Fund also might have to register a restricted security in order to dispose of it, resulting in expense and delay. The Fund might not be able to dispose of restricted or illiquid securities promptly or at reasonable prices and might thereby experience difficulty satisfying redemption requests. There can be no assurance that a liquid market will exist for any security at any particular time. Any security, including securities determined by the Adviser to be liquid, can become illiquid.

**Determination of Liquidity.** The Board has the ultimate responsibility for determining whether specific securities are liquid and has delegated this responsibility to the Adviser, pursuant to guidelines approved by the Board. The Adviser determines and monitors the liquidity of the portfolio securities and reports periodically on its decisions to the Board. The Adviser takes into account a number of factors in reaching liquidity decisions, including but not limited to: (1) the frequency of trades and quotations for the security; (2) the number of dealers willing to purchase or sell the security and the number of other potential buyers; (3) the willingness of dealers to undertake to make a market in the security; and (4) the nature of the marketplace trades, including the time needed to dispose of the security, the method of soliciting offers and the mechanics of the transfer.

An institutional market has developed for certain restricted securities. Accordingly, contractual or legal restrictions on the resale of a security may not be indicative of the liquidity of the security. If such securities are eligible for purchase by institutional buyers in accordance with Rule 144A under the 1933 Act or other exemptions, The Adviser may determine that the securities are not illiquid.

## **F. Investment Company Securities and Exchange-Traded Funds**

**Open-End and Closed-End Investment Companies.** The Fund may invest in other open-end and closed-end investment companies consistent with the Fund's investment objectives and strategies. The Fund may also invest in money market mutual funds, pending investment of cash balances. The Fund will limit its investment in the securities of other open-end and closed-end investment companies to the extent permitted by the 1940 Act and the rules promulgated thereunder. Under Section 12(d)(1)(A) of the 1940 Act, the Fund's investments in such securities are generally limited to 3% of the outstanding voting stock of any one company, 5% of the Fund's total assets in any one company, and 10% of the Fund's total assets in investment companies generally. Under certain circumstances, the Fund may invest its assets in accordance to Section 12(d)(1)(F) of the 1940 Act and, thereby, invest more than 5% of its total assets in another investment company or 10% of its total assets invested among multiple investment companies. The Fund's investments in other investment companies may include money market mutual funds, which are not subject to the percentage limitations set forth above. Shares of an exchange-traded fund ("ETF") that has received exemptive relief from the SEC to permit other funds to invest in the shares without these limitations may also be excluded from such restrictions.

The Fund, as a shareholder of another investment company, will bear its pro-rata portion of the other investment company's advisory fee and other expenses, in addition to its own expenses and will be exposed to the investment risks associated with the other investment company. To the extent that the Fund invests in closed-end companies that invest primarily in the common stock of companies located outside the United States, see the risks related to foreign securities set forth in the section entitled "Investment Policies and Risks – Foreign Securities" above.

As a shareholder, the Fund must rely on the investment company or ETF to achieve its investment objective. If the investment company or ETF fails to achieve its investment objective, the value of the Fund's investment may decline, adversely affecting the Fund's performance.

**ETFs.** The Fund may invest in ETFs. ETFs are investment companies whose securities may be bought and sold on a national securities exchange. Most ETFs are designed to track a particular market segment or index.

The risks of owning an ETF generally reflect the risks of owning the underlying securities they are designed to track, although lack of liquidity in an ETF could result in it being more volatile than the underlying portfolio of securities and ETFs have management fees that increase their costs versus the costs of owning the underlying securities directly. In addition, because ETFs are listed on national stock exchanges and are traded like stocks listed on an exchange, ETF shares potentially may trade at a discount or a premium. Investments in ETFs are also subject to brokerage and other trading costs, which could result in greater expenses to the Fund. Finally, because the value of ETF shares depends on the demand in the market, the Adviser may not be able to liquidate the Fund's holdings at the most optimal time, adversely affecting the Fund's performance.

In addition, trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally.

## **G. Temporary Defensive Position and Cash Investments**

The Fund may assume a temporary defensive position and may invest without limit in money market instruments that are of high quality or in common stocks of larger, more established companies. High quality instruments are those instruments that are rated in one of the two highest short-term rating categories or, if not rated, determined by the Adviser to be of comparable quality. The Fund also may hold cash and invest in high quality money market instruments pending investment of cash balances.

Money market instruments usually have maturities of one year or less and fixed rates of return. The money market instruments in which the Fund may invest include short-term U.S. Government Securities, commercial paper, bankers' acceptances, certificates of deposit, interest-bearing savings deposits of commercial banks, repurchase agreements concerning securities in which the Fund may invest and registered and unregistered money market funds.

## **H. CFTC Regulation**

Historically, an adviser of a fund trading commodity interests (such as futures contracts, options on futures contracts, non-deliverable forwards, swaps and cash-settled foreign currency contracts) has been excluded from regulation as a commodity pool operator (“CPO”) pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 4.5. In 2012, the CFTC amended Regulation 4.5 to dramatically narrow this exclusion.

Under the amended Regulation 4.5 exclusion, a fund’s commodity interests – other than those used for bona fide hedging purposes (as defined by the CFTC) – must be limited such that the aggregate initial margin and premiums required to establish the positions (after taking into account unrealized profits and unrealized losses on any such positions and excluding the amount by which options are “in-the-money” at the time of purchase) do not exceed 5% of the fund’s NAV, or alternatively, the aggregate net notional value of the positions, determined at the time that the most recent position was established, does not exceed 100% of the fund’s NAV (after taking into account unrealized profits and unrealized losses on any such positions). Further, to qualify for the exclusion in amended Regulation 4.5, a fund must satisfy a marketing test, which requires, among other things, that the fund not hold itself out as a vehicle for trading commodity interests.

The Fund does not trade any commodity interests, such as futures contracts, options on futures contracts, non-deliverable forwards, swaps and cash-settled foreign currency contracts. Therefore, it does not need to, and does not, rely on the exclusion in CFTC Regulation 4.5 to avoid regulation as a CPO.

## **I. Cyber-Security Risk**

The Fund, and its service providers, may be prone to operational and information security risks resulting from cyber-attacks. Cyber-attacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, the unauthorized release of confidential information or various other forms of cyber security breaches. Cyber-attacks affecting the Fund or its third-party service providers may adversely impact the Fund. For instance, cyber-attacks may interfere with the processing of shareholder transactions, impact the Fund’s ability to calculate its NAV, cause the release of private shareholder information or confidential business information, impede trading, subject the Fund to regulatory fines or financial losses and/or cause reputational damage. The Fund may also incur additional costs for cyber security risk management purposes. While the Fund’s service providers have established business continuity plans in the event of, and risk management systems to prevent, such cyber-attacks, there are inherent limitations in such plans and systems including the possibility that certain risks have not been identified. Furthermore, the Fund cannot control the cyber security plans and systems put in place by its service providers or any other third parties whose operations may affect a Fund or its shareholders. Similar types of cyber security risks are also present for issues or securities in which the Fund may invest, which could result in material adverse consequences for such issuers and may cause the Fund’s investment in such companies to lose value.

## INVESTMENT LIMITATIONS

---

The Trust, on behalf of the Fund, has adopted the following investment policies which are fundamental policies that may not be changed without the affirmative vote of a majority of the outstanding voting securities of the Fund. "A majority of the outstanding voting securities of the Fund," as defined by the 1940 Act, means the affirmative vote of the lesser of (1) more than 50% of the outstanding shares of the Fund, or (2) 67% or more of the shares present at a meeting, if more than 50% of the outstanding shares are represented at the meeting in person or by proxy.

The Fund's investment objective is a fundamental policy and therefore may not be changed without shareholder approval.

For purposes of the Fund's investment limitations, all percentage limitations apply immediately after an investment. Except with respect to borrowing money, if a percentage limitation is adhered to at the time of an investment, a later increase or decrease in the percentage resulting from any change in value or net assets will not result in a violation of such restrictions. If at any time the Fund's borrowings exceed its limitations due to a decline in net assets, such borrowings will be reduced within three days (excluding Sundays and holidays) to the extent necessary to comply with the limitation.

**Fundamental Limitations.** The Fund has adopted the following fundamental investment limitations.

### **The Fund may not:**

#### **1. Borrowing Money**

Borrow money if, as a result, outstanding borrowings would exceed an amount equal to 33 $\frac{1}{3}$ % of the Fund's total assets.

#### **2. Concentration**

Purchase a security if, as a result, more than 25% of the Fund's total assets would be invested in securities of issuers conducting their principal business activities in the same industry. For purposes of this limitation, there is no limit on investments in U.S. Government Securities and repurchase agreements covering U.S. Government Securities. Notwithstanding anything to the contrary, to the extent permitted by the 1940 Act, the Fund may invest in one or more investment companies; provided that, except to the extent the Fund invests in other investment companies pursuant to Section 12(d)(1)(A) and Section 12(d)(1)(F) of the 1940 Act, the Fund treats the assets of the investment companies in which it invests as its own for purposes of this policy.

#### **3. Underwriting Activities**

Underwrite securities issued by other persons except, to the extent that in connection with the disposition of portfolio securities, the Fund may be deemed to be an underwriter.

#### **4. Making Loans**

Make loans to other parties. For purposes of this limitation, entering into repurchase agreements, lending securities and acquiring any debt securities are not deemed to be the making of loans.

#### **5. Purchases and Sales of Real Estate**

Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments (but this shall not prevent the Fund from investing in securities backed by real estate or securities of companies engaged in the real estate business).

#### **6. Purchases and Sales of Commodities**

Purchase or sell physical commodities unless acquired as the result of ownership of securities or other instruments (but this shall not prevent the Fund from purchasing or selling options and futures contracts or from investing in securities or other instruments backed by physical commodities).

## **7. Issuance of Senior Securities**

Issue senior securities except pursuant to Section 18 of the 1940 Act.

## **8. Diversification**

With respect to 75% of its assets, purchase a security (other than a U.S. Government Security or a security of an investment company) if, as a result: (1) more than 5% of the Fund's total assets would be invested in the securities of a single issuer; or (2) the Fund would own more than 10% of the outstanding voting securities of a single issuer.

With respect to the fundamental policy relating to borrowing money set forth in (1) above, the 1940 Act permits the Fund to borrow money in amounts of up to one-third of the Fund's total assets, at the time of borrowing, from banks for any purpose (the Fund's total assets include the amounts being borrowed). To limit the risks attendant to borrowing, the 1940 Act requires the Fund to maintain at all times an "asset coverage" of at least 300% of the amount of its borrowings (not including borrowings for temporary purposes in an amount not exceeding 5% of the value of the Fund's total assets). In the event that such asset coverage falls below this percentage, the Fund is required to reduce the amount of its borrowings within three days (not including Sundays and holidays) so that the asset coverage is restored to at least 300%. Asset coverage means the ratio that the value of the Fund's total assets (including amounts borrowed), minus liabilities other than borrowings, bears to the aggregate amount of all borrowings.

With respect to the fundamental policy relating to making loans set forth in (4) above, the 1940 Act does not prohibit the Fund from making loans; however, SEC staff interpretations currently prohibit funds from lending more than one-third of their total assets, except through the purchase of debt obligations.

With respect to the fundamental policy relating to investing in real estate set forth in (5) above, the Fund may, to the extent permitted by applicable law, invest in securities or other instruments directly or indirectly secured by real estate and invest in securities or other instruments issued by issuers that invest in real estate.

With respect to the fundamental policy relating to issuing senior securities set forth in (7) above, "senior securities" are defined as Fund obligations that have a priority over the Fund's shares with respect to the payment of dividends or the distribution of Fund assets. The 1940 Act prohibits the Fund from issuing any class of senior securities or selling any senior securities of which it is the issuer, except that the fund is permitted to borrow from a bank if consistent with the fundamental policy set forth in (1) above. The policy in (7) above will be interpreted not to prevent collateral arrangements with respect to options on securities. The Fund will segregate liquid assets with respect to certain leveraged positions in accordance with requirements for senior securities under Section 18 of the 1940 Act and current applicable SEC staff interpretations.

**Non-Fundamental Limitations.** The Fund has adopted the following non-fundamental investment limitations, which may be changed by the Board without shareholder approval.

### **The Fund may not:**

#### **1. Securities of Investment Companies**

Invest in the securities of any investment company except to the extent permitted by the 1940 Act.

#### **2. Short Sales**

Sell securities short, unless it owns or has the right to obtain securities equivalent in kind and amount to the securities sold short (short sales "against the box") and provided that transactions in options are not deemed to constitute selling securities short.

#### **3. Illiquid Securities**

Invest more than 15% of its net assets in illiquid assets such as: (1) securities that cannot be disposed of within seven days at their then-current value; (2) repurchase agreements not entitling the holder to payment of principal within seven

days; and (3) securities subject to restrictions on the sale of the securities to the public without registration under the 1933 Act (“restricted securities”) that are not readily marketable. The Fund may treat certain restricted securities as liquid pursuant to guidelines adopted by the Board.

#### **4. Purchases on Margin**

Purchase securities on margin, except that the Fund may use short-term credit for the clearance of the Fund’s transactions.

#### **5. Borrowing**

Purchase or otherwise acquire any security with borrowed funds if, as a result, the total borrowings would exceed 5% of the value of its total assets.

#### **6. Options**

Invest in options contracts regulated by the CFTC except for: (1) bona fide hedging purposes within the meaning of the rules of the CFTC; and (2) for other purposes if, as a result, no more than 5% of the Fund’s net assets would be invested in initial margin and premiums (excluding amounts “in-the-money”) required to establish the contracts. The Fund: (1) will not hedge more than 50% of its total assets buying put options and writing call options (so called “short positions”); (2) will not write put options whose underlying value exceeds 25% of the Fund’s total assets; and (3) will not buy call options with a value exceeding 5% of the Fund’s total assets.

#### **7. Exercising Control of Issuers**

Make investments for the purpose of exercising control of an issuer. Investments by the Fund in entities created under the laws of foreign countries solely to facilitate investment in securities in that country will not be deemed the making of investments for the purpose of exercising control.

**A. Board of Trustees**

The Trust is governed by its Board of Trustees. The Board is responsible for and oversees the overall management and operations of the Trust and the Fund, which includes the general oversight and review of the Fund's investment activities, in accordance with federal law, Delaware law and the stated policies of the Fund. The Board oversees the Trust's officers and service providers, including the Adviser, which is responsible for the management of the day-to-day operations of the Fund based on policies and agreements reviewed and approved by the Board. In carrying out these responsibilities, the Board regularly interacts with and receives reports from senior personnel of service providers and the Trust's Chief Compliance Officer ("CCO"). The Board also is assisted by the Trust's independent auditor (which reports directly to the Trust's Audit Committee), independent counsel and other experts as appropriate, all of which are selected by the Board.

The Forum family of funds ("Fund Complex") includes the Trust, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds and is overseen by different boards of trustees. The Trust's Board oversees its 24 separate series, and another board of trustees oversees Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds and each of their separate series. The use of separate boards, each with its own committee structure, allows the trustees of each trust in the Fund Complex to focus on the unique issues of the funds they oversee, including common research, investment and operational issues. On occasion, the separate boards may establish joint committees to address issues with consequences for the entire Fund Complex.

**Board Structure and Related Matters.** Independent Trustees constitute at least two-thirds of the Board members. J. Michael Parish, an Independent Trustee, serves as Independent Chair of the Board. The Independent Chair's responsibilities include: setting an agenda for each meeting of the Board; presiding at all meetings of the Board and Independent Trustees; and serving as a liaison with other trustees, the Trust's officers, other management personnel and counsel to the Fund. The Independent Chair also performs such other duties as the Board may from time to time determine.

The trustees discharge their responsibilities collectively as a Board, as well as through Board committees, each of which operates pursuant to a charter or procedures approved by the Board that delineates the specific responsibilities of that committee. The Board has established three standing committees: the Audit Committee, the Nominating Committee and the Qualified Legal Compliance Committee. The members and responsibilities of each Board committee are summarized below.

The Board periodically evaluates its structure and composition as well as various aspects of its operations. The Board believes that its leadership structure, including its Independent Chair position and its committees, is appropriate for the Trust in light of, among other factors, the asset size and nature of the Fund, the number of funds overseen by the Board, the arrangements for the conduct of the Fund's operations, the number of trustees and the Board's responsibilities. On an annual basis, the Board conducts a self-evaluation that considers, among other matters, whether the Board and its committees are functioning effectively and whether, given the size and composition of the Board and each of its committees, the trustees are able to oversee effectively the number of funds in the complex.

The Board holds four regularly scheduled in-person meetings each year. The Board may hold special meetings, as needed, either in person or by telephone, to address matters arising between regular meetings. The Independent Trustees also hold at least one in-person meeting each year during a portion of which management is not present and may hold special meetings, as needed, either in person or by telephone.

The trustees are identified in the table below, which provides information as to their principal business occupations held during the last five years and certain other information. Each trustee serves until his death, resignation or removal and replacement. The address for all trustees is c/o Atlantic Fund Services, Three Canal Plaza, Suite 600, Portland, Maine 04101. John Y. Keffer is considered an interested trustee due to his affiliation with Atlantic Fund Administration, LLC (d/b/a Atlantic Fund Services) ("Atlantic" or the "Administrator").

Name and Year of Birth	Position with the Trust	Length of Time Served	Principal Occupation(s) During Past Five Years	Number of Series in Fund Complex Overseen By Trustee	Other Directorships Held By Trustee During Past Five Years
<b>Independent Trustees</b>					
J. Michael Parish Born: 1943	Chairman of the Board; Trustee; Chairman, Nominating Committee and Qualified Legal Compliance Committee	Since 1989 (Chairman since 2004)	Retired since 2003; formerly, Partner, Wolf, Block, Schorr and Solis-Cohen, LLP (law firm) 2002-2003; Partner, Thelen Reid & Priest LLP (law firm) 1995-2002.	24	None
Costas Azariadis Born: 1943	Trustee	Since 1989	Professor of Economics, Washington University since 2006.	24	None
James C. Cheng Born: 1942	Trustee; Chairman, Audit Committee	Since 1989	President, Technology Marketing Associates (marketing company for small- and medium-sized businesses in New England) since 1991.	24	None
David Tucker Born: 1958	Trustee; Vice Chairman	Since 2011 (Vice Chairman since 2015)	Director, Blue Sky Experience (a charitable endeavor) since 2008; Senior Vice President & General Counsel, American Century Companies (an investment management firm) 1998-2008.	47	Trustee, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds.
<b>Interested Trustee</b>					
John Y. Keffer <sup>1</sup> Born: 1942	Trustee; Vice Chairman	Since 1989	Chairman, Atlantic Fund Administration, LLC (a fund services company) since 2008; President, Forum Investment Advisors, LLC since 2011; President, Forum Foundation (a charitable organization) since 2005; President, Forum Holdings Corp. I since 1997.	47	Director, Wintergreen Fund, Inc.; Trustee, Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds (all registered investment companies).

<sup>1</sup>Atlantic and Forum Investment Advisors, LLC are subsidiaries of Forum Holdings Corp. I, a Delaware corporation that is wholly owned by Mr. Keffer.

In addition to the information set forth in the table above, each trustee possesses other relevant qualifications, experience, attributes or skills. The following provides additional information about these qualifications and experience.

J. Michael Parish: Mr. Parish has experience as a business attorney and long-time member of a law firm; service on the board of the foundation Hackensack Riverkeeper, Inc.; and multiple years of service as a trustee and as Independent Chair. Mr. Parish also served as a trustee of Monarch Funds, a Massachusetts business trust and open-end management investment company, from 2003 to 2009.

Costas Azariadis: Mr. Azariadis has extensive experience with finance and economics, having served as a professor of economics at various top universities and a member of the various committees of the governing body of universities; and multiple years of service as a trustee. Mr. Azariadis also served as a trustee of Monarch Funds from 2003 to 2009.

James C. Cheng: Mr. Cheng has organizational experience as chairman and chief executive officer of a private marketing company; experience as co-founder of an information technology firm; experience as a consultant; and multiple years of service as a trustee. Mr. Cheng also served as a trustee of Monarch Funds from 2003 to 2009.

David Tucker: Mr. Tucker has extensive experience in the investment management industry, including experience in senior management, legal and compliance roles at two large mutual fund complexes; service on various committees of the Investment Company Institute (“ICI”); and director of ICI Mutual (a mutual insurance company sponsored by the investment company industry), including service as chairman of the underwriting, risk and fraud committees of ICI Mutual’s board of directors. Mr. Tucker actively serves charitable organizations in the metropolitan Kansas City area.

John Y. Keffer: Mr. Keffer has extensive experience in the investment management industry, including organizational experience as chairman and chief executive officer of a fund service provider; and multiple years of service as a trustee. Mr. Keffer also served as a trustee of Monarch Funds from 2003 to 2009 and continues to serve as an interested trustee of Forum Funds II, Forum ETF Trust and U.S. Global Investors Funds and an independent director of Wintergreen Fund, Inc., another open-end management investment company.

**Risk Oversight.** Consistent with its responsibility for oversight of the Trust and the Fund, the Board oversees the management of risks relating to the administration and operation of the Trust and the Fund. The Adviser, as part of its responsibilities for the day-to-day operations of the Fund, is responsible for day-to-day risk management. The Board, in the exercise of its reasonable business judgment, also separately considers potential risks that may impact the Fund. The Board performs this risk management oversight directly and, as to certain matters, through its committees (described below) and through the Independent Trustees. The following provides an overview of the principal, but not all, aspects of the Board’s oversight of risk management for the Trust and the Fund.

In general, the Fund’s risks include, among others, investment risk, valuation risk, compliance risk and operational risk. The Board has adopted, and periodically reviews, policies and procedures designed to address these and other risks to the Trust and the Fund. In addition, under the general oversight of the Board, the Adviser and other service providers have themselves adopted a variety of policies, procedures and controls designed to address particular risks. Different processes, procedures and controls are employed with respect to different types of risks. Further, the Adviser oversees and regularly monitors the investments, operations and compliance of the Fund’s investments.

The Board also oversees risk management for the Trust and the Fund through review of regular reports, presentations and other information from officers of the Trust and other persons. Senior officers of the Trust, senior officers of the Adviser and the CCO regularly report to the Board on a range of matters, including those relating to risk management. In this regard, the Board periodically receives reports regarding other service providers to the Trust, either directly or through the CCO. On at least a quarterly basis, the Independent Trustees meet with the CCO to discuss matters relating to the Fund’s compliance program. Further, at least annually, the Board receives a report from the CCO regarding the effectiveness of the Fund’s compliance program.

The Board receives regular reports from a “Valuation Committee,” composed of the Principal Executive Officer, the Principal Financial Officer, the CCO, a senior fund accounting member, a senior representative from the Administrator’s regulatory administration group and a representative of the adviser whose fund(s) present valuation matters. The Valuation Committee operates pursuant to the Trust’s Valuation and Error Correction Policy (the “Valuation Policy”), as approved by the Board. The Valuation Committee reports to the Board on the pricing of the Fund’s shares and the valuation of the Fund’s portfolio securities; recommends, subject to approval by the Board, independent pricing services to provide a value for Fund assets; makes and monitors fair value determinations pursuant to the Valuation Policy; and carries out any other functions delegated to it by the Board relating to the valuation of Fund assets.

The Board also regularly receives reports from the Adviser with respect to the investments and securities trading of the Fund. For example, typically, the Board receives reports, presentations and other information from the Adviser on at least an annual basis in connection with the Board's consideration of the renewal of the investment advisory agreement between the Adviser and the Trust on behalf of the Fund (the "Advisory Agreement"). Also, if applicable, the Board receives reports from the Adviser and other service providers in connection with the Board's consideration of the renewal of any distribution plan of the Fund under Rule 12b-1 under the 1940 Act. Senior officers of the Trust and senior officers of the Adviser also report regularly to the Audit Committee on valuation matters, internal controls and accounting and financial reporting policies and practices. In addition, the Audit Committee receives regular reports from the Trust's independent auditors on internal control and financial reporting matters.

**Trustee Ownership in the Fund and the Fund Complex.** The following table sets forth each trustee's ownership of the Fund and the Trust.

Trustees	Dollar Range of Beneficial Ownership in the Fund as of December 31, 2016	Aggregate Dollar Range of Ownership as of December 31, 2016 in all Registered Investment Companies Overseen by Trustee in the Fund Complex
<b>Independent Trustees</b>		
J. Michael Parish	None	Over \$100,000
Costas Azariadis	None	None
James C. Cheng	None	None
David Tucker	None	None
<b>Interested Trustee</b>		
John Y. Keffer	None	None

#### **B. Principal Officers of the Trust**

The officers of the Trust conduct and supervise its daily business. As of the date of this SAI, the officers of the Trust, their years of birth and their principal occupations during the past five years are as set forth below. Each officer serves until his or her death, resignation or removal and replacement. The business address of each officer is c/o Atlantic Fund Services, Three Canal Plaza, Suite 600, Portland, Maine 04101.

Name and Year of Birth	Position with the Trust	Length of Time Served	Principal Occupation(s) During Past 5 Years
Jessica Chase Born: 1970	President; Principal Executive Officer	Since 2015	Senior Vice President, Atlantic since 2008.
Karen Shaw Born: 1972	Treasurer; Principal Financial Officer	Since 2008	Senior Vice President, Atlantic since 2008.
Zachary Tackett Born: 1988	Vice President; Secretary and Anti-Money Laundering Compliance Officer	Since 2014	Counsel, Atlantic since 2014; Intern Associate, Coakley & Hyde, PLLC, 2010-2013.
Michael J. McKeen Born: 1971	Vice President	Since 2009	Senior Vice President, Atlantic since 2008.
Timothy Bowden Born: 1969	Vice President	Since 2009	Manager, Atlantic since 2008.
Geoffrey Ney Born: 1975	Vice President	Since 2013	Manager, Atlantic since 2013; Senior Fund Accountant, Atlantic, 2008–2013.
Todd Proulx Born: 1978	Vice President	Since 2013	Manager, Atlantic since 2013; Senior Fund Accountant, Atlantic, 2008–2013.

Name and Year of Birth	Position with the Trust	Length of Time Served	Principal Occupation(s) During Past 5 Years
Carlyn Edgar Born: 1963	Vice President	Since 2008	Senior Vice President, Atlantic since 2008; Chief Compliance Officer, 2008-2016
Dennis Mason Born: 1967	Chief Compliance Officer	Since 2016	Fund Compliance Officer, Atlantic since 2013; Senior Specialist, Atlantic, 2011-2013; Senior Analyst, Atlantic, 2008-2011

### C. Ownership of Securities of the Adviser and Related Companies

As of December 31, 2016, no Independent Trustee (or any of his immediate family members) owned beneficially or of record, securities of any Trust investment adviser, the Trust's principal underwriter, or any person (other than a registered investment company) directly or indirectly controlling, controlled by or under common control with any Trust investment adviser or principal underwriter.

### D. Information Concerning Trust Committees

**Audit Committee.** The Trust's Audit Committee, which meets when necessary, consists of Messrs. Azariadis, Cheng, Parish, and Tucker, constituting all of the Independent Trustees. Pursuant to a charter adopted by the Board, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Trust. It is directly responsible for the appointment, termination, compensation and oversight of work of the independent auditors to the Trust. In so doing, the Audit Committee reviews the methods, scope and results of the audits and audit fees charged, and reviews the Trust's internal accounting procedures and controls. During the fiscal year ended December 31, 2016, the Audit Committee met four times.

**Nominating Committee.** The Trust's Nominating Committee, which meets when necessary, consists of Messrs. Azariadis, Cheng, Parish, and Tucker, constituting all of the Independent Trustees. Pursuant to a charter adopted by the Board, the Nominating Committee is charged with the duty of nominating all trustees and committee members and presenting these nominations to the Board. The Nominating Committee will not consider any nominees for trustees recommended by security holders. During the fiscal year ended December 31, 2016, the Nominating Committee did not meet.

**Qualified Legal Compliance Committee.** The Qualified Legal Compliance Committee (the "QLCC"), which meets when necessary, consists of Messrs. Azariadis, Cheng, Parish, and Tucker, constituting all of the Independent Trustees. The QLCC evaluates and recommends resolutions to reports from attorneys servicing the Trust regarding evidence of material violations of applicable federal and state law or the breach of fiduciary duties under applicable federal and state law by the Trust or an employee or agent of the Trust. During the fiscal year ended December 31, 2016, the QLCC did not meet.

### E. Compensation of Trustees and Officers

Each trustee is paid an annual fee of \$50,000 for service to the Trust. The Chairman of the Board is paid an annual fee of \$66,000. The Vice Chairman of the Board is paid an annual fee of \$56,000. The Chairman of the Audit Committee is paid an additional fee of \$6,000 annually. The trustees and Chairman may receive additional fees for special Board meetings. Each trustee is also reimbursed for all reasonable out-of-pocket expenses incurred in connection with his duties as a trustee, including travel and related expenses incurred in attending Board meetings. No officer of the Trust is compensated by the Trust, but officers are reimbursed for travel and related expenses incurred in attending Board meetings held outside of Portland, Maine.

The following table sets forth the fees paid to each trustee by the Fund and the Trust for the fiscal year ended December 31, 2016.

Trustee	Aggregate Compensation from the Fund	Pension or Retirement Benefits Accrued as part of Fund Expenses	Total Compensation from Fund Complex
J. Michael Parish	\$1,939	N/A	\$69,000
Costas Azariadis	\$1,469	N/A	\$52,000
James C. Cheng	\$1,645	N/A	\$58,000
David Tucker	\$1,645	N/A	\$99,000
John Y. Keffer	\$0	N/A	\$0

#### F. Investment Adviser

**Services of Adviser.** The Adviser serves as investment adviser to the Fund pursuant to the Advisory Agreement. Under the Advisory Agreement, the Adviser furnishes, at its own expense, all services, facilities, and personnel necessary in connection with managing the Fund's investments and effecting portfolio transactions for the Fund. The Adviser may compensate brokers or other service providers ("Financial Intermediaries") out of its own assets, and not as additional charges to the Fund, in connection with the sale and distribution of shares of the Fund and/or servicing of these shares.

**Ownership of Adviser.** Prior to March 2, 2015, the adviser of the Fund was AH Lisanti Capital Growth, LLC ("AH Lisanti"). AH Lisanti was majority owned by Ms. Mary Lisanti, portfolio manager of the Fund, and Adams Harkness Asset Management, Inc. ("AHAM"), another registered investment adviser, maintained a 49% equity interest. On March 2, 2015, AHAM transferred to Lebenthal Asset Management, LLC its entire 49% equity interest in AH Lisanti. In addition, Ms. Lisanti transferred 2% of her 51% equity interest in AH Lisanti to Ms. Alexandra Lebenthal and Lebenthal Asset Management, LLC, at the direction of its parent corporation Lebenthal Holdings, LLC, transferred 1% of its newly acquired 49% interest to Ms. Lebenthal. As a result of the transaction, AH Lisanti was renamed Lebenthal Lisanti Capital Growth, LLC.

**Information Concerning Accounts Managed by Portfolio Manager.** The following table provides information regarding other accounts managed by the portfolio manager as of December 31, 2016:

Name of Portfolio Manager	Number of Other Accounts Managed and Assets by Account Type			Number of Accounts and Assets for Which Advisory Fee is Performance-Based		
	Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts	Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts
Mary Lisanti	None	2 accounts \$24.4 million	10 accounts \$120.4 million	None	None	None

**Conflicts of Interest.** Actual or apparent conflicts of interest may arise when the portfolio manager has day-to-day management responsibilities with respect to more than one fund or other account. More specifically, portfolio managers who manage multiple funds and/or other accounts may be presented with the following conflicts:

- The management of multiple client accounts may result in the portfolio manager devoting unequal time and attention to the management of the Fund. The Adviser may seek to manage such competing interests for the time and attention of the portfolio manager by having the portfolio manager focus on a particular investment discipline.
- If the portfolio manager identifies a limited investment opportunity which may be suitable for more than one account, the Fund may be unable to take full advantage of that opportunity due to an allocation of filled purchase or sale orders across all eligible accounts. To deal with these situations, the Adviser has adopted procedures for allocating portfolio transactions across multiple accounts.

- With respect to securities transactions for the Fund, the Adviser determines which broker to use to execute each order, consistent with its duty to seek best execution of the transaction. However, with respect to certain other accounts (such as other pooled investment vehicles that are not registered mutual funds and other accounts managed for organizations and individuals), the Adviser may be limited by the client with respect to the selection of brokers or may be instructed to direct trades through a particular broker. In these cases, the Adviser may place separate, non-simultaneous transactions for the Fund and another account which may temporarily affect the market price of the security or the execution of the transaction, or both, to the detriment of the Fund or the other account.
- Finally, the appearance of a conflict of interest may arise if the Adviser has an incentive, such as a performance-based management fee, which relates to the management of one fund or account but not all funds and accounts with respect to which a portfolio manager has day-to-day management responsibilities.

The Adviser has adopted certain compliance procedures, which are designed to address these types of conflicts. The Adviser has developed and implemented policies and procedures designed to ensure that all clients are treated equitably. In addition, compliance oversight and monitoring ensures adherence to policies designed to avoid conflicts. The Adviser's policies and procedures address trade aggregation and allocation. Typically when aggregating trades across funds and/or other accounts, the size of the trade for each fund and/or other account is determined by proportional size of the fund and/or other account and such determination is made pre-trade. Moreover, in aggregated trades each fund and/or other account receives the average share price and transaction costs are shared on a pro-rata basis. Additionally, given the nature of the Adviser's investment process and its Fund and/or other accounts, the Adviser's investment management team services are typically applied collectively to the management of all the Funds and/or other accounts following the same strategy.

Compensation of the Adviser's portfolio management team is not based upon performance of the Fund managed by the Adviser. Fund performance is not a factor in compensation as it might encourage investment decisions deviating from the Fund's mandate. To mitigate the potential for conflict to have a team member favor one Fund over another Fund and/or other account, the Adviser has established procedures, including policies to monitor trading and best execution for all funds and/or other accounts.

There is no guarantee that such procedures will detect each and every situation in which a conflict arises.

**Information Concerning Compensation of Portfolio Manager.** The Adviser has provided the following information regarding Portfolio Manager compensation. For the period ended December 31, 2016, the compensation of Ms. Lisanti is comprised of a fixed cash salary and does not depend on the Fund's performance or the value of assets held in the Fund's portfolio.

**Portfolio Manager Ownership in the Fund.** The Adviser has provided the following information regarding the portfolio manager's ownership in the Fund:

<b>Portfolio Manager</b>	<b>Dollar Range of Beneficial Ownership in the Fund as of December 31, 2016</b>
Mary Lisanti	\$1 - \$10,000

**Fees.** The Adviser receives an advisory fee from the Fund at an annual rate equal to 1.00% of the Fund's average annual daily net assets under the terms of the Advisory Agreement. The advisory fee, if not waived, is accrued daily and paid monthly by the Fund and is assessed based on the daily net assets of the Fund.

In addition to receiving its advisory fee from the Fund, the Adviser may also act and be compensated as investment manager for its clients with respect to assets that such clients have invested in the Fund. If you have a separately managed account with the Adviser with assets invested in the Fund, the Adviser will credit an amount equal to all or a portion of the fees received by the Adviser against any investment management fee to be received from the separately managed account.

The Adviser has contractually agreed to waive its fee and/or reimburse Fund expenses to limit the Fund's Total Annual Fund Operating Expenses (excluding taxes, interest, portfolio transaction expenses, and extraordinary expenses) to 1.80% from May 1, 2017 through April 30, 2018 ("Expense Cap").

The Expense Cap may only be raised or eliminated with the consent of the Board. The Adviser may be reimbursed by the Fund for fees waived and expenses reimbursed by the Adviser pursuant to the Expense Cap if such payment is made within three years of the fee waiver or expense reimbursement and does not cause the Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement of the Fund to exceed the lesser of (i) the then-current expense cap, or (ii) the expense cap in place at the time the fees/expenses were waived/reimbursed. Total Annual Fund Operating Expenses will increase if exclusions from the Expense Cap apply.

Table 1 in Appendix B shows the dollar amount of advisory fees accrued by the Fund, the amount of advisory fees waived and/or expenses reimbursed by the Adviser, if any, and the actual advisory fees retained by the Adviser. The data provided is for the last three fiscal years.

**Advisory Agreement.** The Fund's Advisory Agreement remains in effect for a period of two years from the date of its effectiveness, and thereafter the Advisory Agreement must be approved at least annually by the Board or by majority vote of the shareholders, and in either case by a majority of the trustees who are not parties to the Advisory Agreement or interested persons of any such party (other than as trustees of the Trust).

The Advisory Agreement is terminable without penalty by the Trust with respect to the Fund on 60 days' written notice when authorized either by vote of the Fund's shareholders or by a majority vote of the Board, or by the Adviser on 60 days' written notice to the Trust. The Advisory Agreement terminates immediately upon assignment.

Under the Advisory Agreement, the Adviser is not liable for any mistake of judgment or mistake of law, or any event whatsoever except for lack of good faith or by reason of willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of reckless disregard of its obligations and duties under the Advisory Agreement.

## **G. Distributor**

**Distribution Services.** Foreside Fund Services, LLC (the "Distributor") is the distributor (also known as principal underwriter) of the shares of the Fund and is located at Three Canal Plaza, Suite 100, Portland, Maine 04101. The Distributor is a registered broker-dealer and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

Under a Distribution Agreement with the Trust, the Distributor acts as the agent of the Trust in connection with the continuous offering of shares of the Fund. The Distributor continually distributes shares of the Fund on a best efforts basis. The Distributor has no obligation to sell any specific quantity of Fund shares. The Distributor and its officers have no role in determining the investment policies or which securities are to be purchased or sold by the Trust.

The Distributor may enter into agreements with selected broker-dealers, banks or other financial intermediaries for distribution of shares of the Fund. With respect to certain financial intermediaries and related fund "supermarket" platform arrangements, the Fund and/or the Adviser, rather than the Distributor, typically enters into such agreements. These financial intermediaries may charge a fee for their services and may receive shareholder service or other fees from parties other than the Distributor. These financial intermediaries may otherwise act as processing agents and are responsible for promptly transmitting purchase, redemption and other requests to the Fund.

Investors who purchase shares through financial intermediaries will be subject to the procedures of those intermediaries through which they purchase shares, which may include charges, investment minimums, cutoff times and other restrictions in addition to, or different from, those listed herein. Information concerning any charges or services will be provided to customers by the financial intermediary through which they purchase shares. Investors purchasing shares of the Fund through financial intermediaries should acquaint themselves with their financial intermediary's procedures and should read the Prospectus in conjunction with any materials and information provided by their financial intermediary. The financial intermediary, and not its customers, will be the shareholder of record, although customers may have the right to vote shares depending upon their arrangement with the intermediary. The Fund does not have a distribution (12b-1) plan; accordingly, the Distributor does not receive compensation from the Fund for its distribution (12b-1) services. The Adviser pays the Distributor a fee from the Adviser's own resources for certain distribution-related services.

## H. Other Fund Service Providers

**Administrator, Fund Accountant, Transfer Agent, and Compliance Services.** Atlantic and its subsidiaries provide administration, compliance, fund accounting and transfer agency services to the Fund. Atlantic is a subsidiary of Forum Holdings Corp I. John Y. Keffer, a trustee, is the Chairman of Atlantic and is also the founder and owner of Forum Holdings Corp. I, the parent entity of Atlantic.

Pursuant to the Atlantic Services Agreement (the “Services Agreement”), the Fund pays Atlantic a bundled fee for administration, compliance, fund accounting and transfer agency services. The Fund also pays Atlantic certain surcharges and shareholder account fees. The fee is accrued daily by the Fund and is paid monthly based on the average net assets, transactions and positions for the prior month.

The Services Agreement continues in effect until terminated, so long as its continuance is specifically approved or ratified with such frequency and in such manner as required by applicable law. After an initial three-year term, the Services Agreement is terminable with or without cause and without penalty by the Trust or by the Administrator on 120 days’ written notice to the other party. The Services Agreement is also terminable for cause by the non-breaching party on at least 60 days’ written notice to the other party, provided that such party has not cured the breach within that notice period. Under the Services Agreement, Atlantic is not liable to the Fund or the Fund’s shareholders for any act or omission, except for willful misfeasance, bad faith or negligence in the performance of its duties or by reason of reckless disregard of its obligations and duties under the Services Agreement. The Services Agreement also provides that Atlantic will not be liable to a shareholder for any loss incurred due to a NAV difference if such difference is less than or equal to 0.5% or less than or equal to \$25.00 per shareholder account, and in addition, limits the amount of any loss for which Atlantic would be liable. Also, Atlantic is not liable for the errors and omissions of others, including the entities that supply security prices to Atlantic and the Fund. Losses incurred by the Fund as a result of acts or omissions by Atlantic or any other service provider for which Atlantic or the service provider is not liable to the Fund would be borne through the Fund, by its shareholders.

As Administrator, Atlantic administers the Fund’s operations except those that are the responsibility of any other service provider hired by the Trust, all in such manner and to such extent as may be authorized by the Board. The Administrator’s responsibilities include, but are not limited to: (1) overseeing the performance of administrative and professional services rendered to the Fund by others, including its custodian, transfer agent and dividend disbursing agent as well as legal, auditing, shareholder servicing and other services performed for the Fund; (2) preparing for filing and filing certain regulatory filings (i.e., registration statements and shareholder reports) subject to Trust counsel and/or independent auditor oversight; (3) overseeing the preparation and filing of the Fund’s tax returns, the preparation of financial statements and related reports to the Fund’s shareholders, the SEC and state and other securities administrators; (4) providing the Fund with adequate general office space and facilities and providing persons suitable to the Board to serve as officers of the Trust; (5) assisting the Adviser in monitoring Fund holdings for compliance with prospectus investment restrictions and assisting in preparation of periodic compliance reports; and (6) with the cooperation of the Adviser, the officers of the Trust and other relevant parties, preparing and disseminating materials for meetings of the Board.

Atlantic provides a Principal Executive Officer, a Principal Financial Officer, a CCO, and an Anti-Money Laundering Compliance Officer to the Fund, as well as certain additional compliance support functions.

Atlantic Shareholder Services, LLC, 3 Canal Plaza, Portland, Maine 04101 (the “Transfer Agent”), a wholly-owned subsidiary of Atlantic, serves as transfer agent and distribution paying agent for the Fund. The Transfer Agent is registered as a transfer agent with the SEC. The Transfer Agent maintains an account for each shareholder of record of the Fund and is responsible for processing purchase and redemption requests and paying distributions to shareholders of record.

As Fund accountant, Atlantic provides fund accounting services to the Fund. These services include calculating the NAV of the Fund.

Table 2 in Appendix B shows the dollar amount of the fees accrued by the Fund for administration services, the amount of fees waived by Atlantic, if any, and the actual fees retained by Atlantic under the Services Agreement. The data provided is for the last three fiscal years.

**Custodian.** MUFG Union Bank, N.A. (formerly, Union Bank, N.A.) (the “Custodian”) is the custodian for the Fund. The Custodian safeguards and controls the Fund’s cash and securities, determines income and collects interest on Fund investments. The Custodian may employ subcustodians to provide custody of the Fund’s domestic and foreign assets. The Custodian also maintains certain books and records of the Fund that are required by applicable federal regulations. The Custodian is located at 350 California Street, 6th Floor, San Francisco, California 94104.

**Legal Counsel.** K&L Gates LLP, 1601 K Street, N.W., Washington, D.C. 20006, serves as legal counsel to the Trust.

**Independent Registered Public Accounting Firm.** BBD, LLP (“BBD”), 1835 Market Street, 26th Floor, Philadelphia, Pennsylvania 19103, is the independent registered public accounting firm for the Fund, providing audit and tax services. BBD audits the annual financial statements of the Fund and provides the Fund with an audit opinion. BBD also reviews certain regulatory filings of the Fund.

### A. How Securities are Purchased and Sold

Purchases and sales of portfolio securities that are fixed-income securities (for instance, money market instruments and bonds, notes and bills) usually are principal transactions. In a principal transaction, the party from which the Fund purchases or to which the Fund sells is acting on its own behalf (and not as the agent of some other party such as its customers). These securities normally are purchased directly from the issuer or from an underwriter or market maker for the securities. There usually are no brokerage commissions paid for these securities.

Purchases and sales of portfolio securities that are equity securities (for instance, common stock and preferred stock) are generally effected if: (1) the security is traded on an exchange, through brokers that charge commissions; and (2) the security is traded in the over-the-counter markets, in a principal transaction directly from a market maker. In transactions on stock exchanges, commissions are negotiated.

When transactions are executed in an over-the-counter market, the Adviser will seek to deal with the primary market makers, but when necessary in order to obtain best execution, the Adviser will utilize the services of others.

The price of securities purchased from underwriters includes a disclosed fixed commission or concession paid by the issuer to the underwriter, and prices of securities purchased from dealers serving as market makers reflects the spread between the bid and asked price.

In the case of fixed-income and equity securities traded in the over-the-counter markets, there is generally no stated commission, but the price usually includes an undisclosed commission, markup or markdown.

### B. Commissions Paid

Table 3 in Appendix B shows the dollar amount of the aggregate brokerage commissions paid by the Fund; the amount of commissions paid to an affiliate of the Fund, the Adviser or the Distributor; the percentage of brokerage commissions paid to an affiliate of the Fund, the Adviser or the Distributor; and the percentage of transactions executed by an affiliate of the Fund, the Adviser or the Distributor. The data provided is for the last three fiscal years.

### C. Adviser Responsibility for Purchases and Sales and Choosing Broker-Dealers

The Adviser places orders for the purchase and sale of securities with broker-dealers selected by and at the discretion of the Adviser. The Fund does not have any obligation to deal with a specific broker or dealer in the execution of portfolio transactions. Allocations of transactions to brokers and dealers and the frequency of transactions are determined by the Adviser in its best judgment and in a manner deemed to be in the best interest of the Fund rather than by any formula.

The Adviser seeks “best execution” for all portfolio transactions. This means that the Adviser seeks the most favorable price and execution available. The Fund may not always pay the lowest commission or spread available. Rather, in determining the amount of commissions (including certain dealer spreads) paid in connection with securities transactions, the Adviser takes into account factors such as the size of the order, the difficulty of execution, the efficiency of the executing broker’s facilities (including the research services described below) and any risk assumed by the executing broker-dealer. The Fund may pay a higher commission if, for example, the broker-dealer has specific expertise in a particular type of transaction (due to factors such as size or difficulty) or is highly efficient in trade execution.

The Adviser may also give consideration to brokerage and research services furnished to the Adviser by broker-dealers and may cause the Fund to pay these broker-dealers a higher commission or spread than may be charged by other broker-dealers. Research services may include reports that are common in the industry, such as research reports and periodicals, quotation systems, software for portfolio management and formal databases. Typically, the Adviser uses the research to manage all client accounts. Therefore, the commission dollars spent for research generally benefit all of the Adviser’s clients and the Fund’s investors, although a particular client may not benefit from research received on each occasion. The Adviser does not reduce its fees because the Adviser receives research.

Table 4 in Appendix B lists each broker to which the Fund directed brokerage in return for research services, the amount of transactions so directed, and the amount of commissions earned by the broker-dealer during the past fiscal year.

#### **D. Counterparty Risk**

The Adviser monitors the creditworthiness of counterparties to the Fund's transactions and intends to enter into a transaction only when it believes that the counterparty presents appropriate credit risks.

#### **E. Transactions through Affiliates**

The Adviser may effect brokerage transactions through affiliates of the Adviser (or affiliates of those persons) pursuant to procedures adopted by the Trust and in accordance with applicable law.

#### **F. Other Accounts of the Adviser**

Investment decisions for the Fund are made independently from those for any other account or investment company that is or may in the future become advised by the Adviser or its affiliates. Investment decisions are the product of many factors, including basic suitability for the particular client involved. Likewise, a particular security may be bought or sold for certain clients even though it could have been bought or sold for other clients at the same time. In some instances, with any required consent, one client may sell a particular security to another client. In addition, two or more clients may simultaneously purchase or sell the same security, in which event each day's transactions in such security are, insofar as is possible, averaged as to price and allocated between such clients in a manner which, in the Adviser's opinion, is in the best interest of the affected accounts and is equitable to each and in accordance with the amount being purchased or sold by each. There may be circumstances when purchases or sales of a portfolio security for one client could have an adverse effect on another client that has a position in that security. In addition, when purchases or sales of the same security for the Fund and other client accounts managed by the Adviser occur contemporaneously, the purchase or sale orders may be aggregated in order to obtain any price advantages available to large denomination purchases or sales.

#### **G. Portfolio Turnover**

The frequency of portfolio transactions of the Fund (the portfolio turnover rate) will vary from year to year depending on many factors. From time to time, the Fund may engage in active short-term trading to take advantage of price movements affecting individual issues, groups of issues or markets. Higher portfolio turnover rates may result in increased brokerage costs to the Fund and a possible increase in short-term capital gains (taxable to shareholders as ordinary income when distributed to them) or losses. An annual portfolio turnover rate of 100% does not necessarily indicate all the securities in the Fund were replaced once in a period of one year.

Portfolio turnover rate is defined under the rules of the SEC as the value of the securities purchased or securities sold, excluding all securities whose maturities at time of acquisition were one year or less, divided by the average monthly value of such securities owned during the year. Based on this definition, instruments with remaining maturities of less than one year, including options in which the Fund invests, are excluded from the calculation of portfolio turnover rate.

During the most recent fiscal year, the Fund's portfolio turnover rate was 268% of the average value of its portfolio, which was less than the prior two fiscal years. The Fund's portfolio turnover rate during the most recent fiscal year was driven down primarily by the Adviser's determination that the Fund's holdings were appropriately valued and of suitable market capitalization within the Fund's investment strategy, requiring fewer sales of portfolio securities relative to prior years. The Fund's portfolio turnover rate was also impacted by shareholder inflows and outflows.

#### **H. Securities of Regular Broker-Dealers**

From time to time the Fund may acquire and hold securities issued by its "regular brokers and dealers" or the parents of those brokers and dealers. For this purpose, regular brokers and dealers are the ten brokers or dealers that: (1) received the greatest amount of brokerage commissions during the Fund's last fiscal year; (2) engaged in the largest amount of principal transactions for portfolio transactions of the Fund during the Fund's last fiscal year; or (3) sold the largest amount of the Fund's shares during the Fund's last fiscal year.

Table 5 in Appendix B lists the regular brokers and dealers of the Fund whose securities (or the securities of the parent company) were acquired during the past fiscal year and the aggregate value of the Fund's holdings of those securities as of the Fund's most recent fiscal year ended December 31, 2016.

## **I. Portfolio Holdings**

Portfolio holdings as of the end of the Fund's annual and semi-annual fiscal periods are reported to the SEC on Form N-CSR within 10 days of the mailing of the annual or semi-annual report (typically no later than 70 days after the end of each period). Portfolio holdings as of the end of the first and third fiscal quarters are reported to the SEC on Form N-Q within 60 days after the end of such period. You may request a copy of the Fund's latest annual or semi-annual report to shareholders or a copy of the Fund's latest Form N-Q, when it is available, which contains the Fund's portfolio holdings, by contacting the Transfer Agent at the address or phone number listed on the cover of this SAI. You may also obtain a copy of the Fund's latest Form N-CSR and Form N-Q by accessing the SEC's website at [www.sec.gov](http://www.sec.gov).

In addition, the Adviser may make publicly available, on a quarterly basis, information regarding the Fund's portfolio holdings through the Fund's website. The Fund's top ten holdings information is released no later than 10 days after the quarter ends. The Fund's full portfolio holdings information is released no earlier than 30 days after the quarter ends.

The Fund's nonpublic portfolio holdings information is received by certain service providers in advance of public release in the course of performing or enabling them to perform the contractual or fiduciary duties necessary for the Fund's operations that the Fund has retained them to perform. The Adviser has regular and continuous access to the Fund's portfolio holdings. In addition, the Administrator, the Custodian, the Distributor, and the Fund accountant, as well as independent auditors, proxy voting services, mailing services, financial printers and ratings and ranking organizations may have access to the Fund's nonpublic portfolio holdings information, provided that the Fund receives reasonable assurance that: (1) the holdings information will be kept confidential; (2) no employee or agent will use the information to effect trading or for their personal benefit; and (3) the nature and type of information that any employee or agent, in turn, may disclose to third-parties is limited. The trustees, the Trust's officers, legal counsel to the Trust and to the Independent Trustees, and the Fund's independent registered public accounting firm may receive such information on an as needed basis.

From time to time, nonpublic information regarding the Fund's portfolio holdings may also be disclosed to certain mutual fund consultants, analysts, or other entities or persons ("Recipients") that have a legitimate business purpose in receiving such information. The nonpublic portfolio holdings information may be provided to such Recipients on an on-going basis during the course of the services they provide to the Fund, and each of such Recipients is subject to a duty of confidentiality. Any disclosure of information more current than the latest publicly available portfolio holdings information will be made only if a Trust officer determines that: (1) the more current information is necessary for a Recipient to complete a specified task; (2) the Fund has legitimate business purposes for disclosing the information; and (3) the disclosure is in the best interests of the Fund and its shareholders. Any Recipient receiving such information shall agree in writing to: (1) keep the information confidential; (2) use it only for agreed-upon purposes; and (3) not trade or advise others to trade securities, including shares of the Fund, on the basis of the information. Such confidentiality agreements entered into for the receipt of nonpublic information shall also provide, among other things, that the Recipient: (1) will limit access to the information to its employees and agents who are obligated to keep and treat such information as confidential; (2) will assume responsibility for any breach of the terms of the confidentiality agreement by its employees; and (3) upon request from the Trust, will return or promptly destroy the information. The Trust officer shall report to the Board at its next regularly scheduled Board meeting the entering into of an agreement with a Recipient for the disclosure of nonpublic portfolio holdings information and shall include in the report the Trust officer's reasons for determining to permit such disclosure.

The Adviser may provide investment management for accounts of clients other than the Fund, which may result in some of those accounts having a composition substantially similar to that of the Fund. The Adviser and its affiliates may provide regular information to clients and others regarding the holdings in accounts that each manages, but no information is provided to clients or others that identifies the actual composition of the Fund's holdings, specifies the amount of the Fund's assets invested in a security or specifies the extent of any such similarities among accounts managed by the Adviser.

No compensation is received by the Fund, or, to the Fund's knowledge, paid to the Adviser or any other party in connection with the disclosure of the Fund's portfolio holdings. The codes of ethics of the Trust and the Adviser are intended to address, among other things, potential conflicts of interest arising from the misuse of information concerning the Fund's portfolio holdings. In addition, the Fund's service providers may be subject to confidentiality provisions contained within their service agreements, codes of ethics, professional codes, or other similar policies that address conflicts of interest arising from the misuse of such information.

The Fund's portfolio holdings disclosure policy is subject to review by the CCO, who will report the results of such review at least annually to the Board. Any identified conflict between the interests of shareholders and those of another party resulting from the disclosure of nonpublic portfolio holdings information will be reported to the Board for appropriate action.

There is no assurance that the Fund's portfolio holdings disclosure policy will protect the Fund against potential misuse of holdings information by individuals or firms in possession of that information.

## **PURCHASE AND REDEMPTION INFORMATION**

---

### **A. General Information**

You may effect purchases or redemptions or request any shareholder privilege by contacting the Transfer Agent.

The Fund accepts orders for the purchase or redemption of shares of the Fund on any weekday except days when the New York Stock Exchange (the “NYSE”) is closed. Under unusual circumstances, the Fund may accept orders when the NYSE is closed if deemed appropriate by the Trust’s officers.

The shares of the Fund may not be available for sale in the state in which you reside. Please check with your investment professional to determine the Fund’s availability.

### **B. Additional Purchase Information**

Shares of the Fund are offered on a continuous basis by the Distributor.

The Fund reserves the right to refuse any purchase request.

Fund shares are normally issued for cash only. In its discretion, the Fund may accept portfolio securities that meet the investment objective and policies of the Fund as payment for Fund shares. The Fund may allow an in kind purchase provided that, among other things: (i) the purchase will not dilute the interests of its shareholders; (ii) the assets accepted by the Fund consist of securities that are appropriate, in type and amount, for investment by the Fund in light of its investment objective and policies and current holdings; (iii) market quotations are readily available for the securities; (iv) in determining the value of the assets contributed and the corresponding amount of shares issued, the Trust’s Valuation Policy will be applied; (v) the transaction must comply with the Trust’s Affiliated Persons and Transactions Policy if the person investing is an affiliated person; and (vi) the Adviser to the Fund discloses to the Board the existence of, and all material facts relating to, any conflicts of interest between the Adviser and the Fund in the proposed in-kind purchase.

**IRAs.** All contributions into an individual retirement account (an “IRA”) through the automatic investing service are treated as IRA contributions made during the year that the contribution is received.

**UGMAs/UTMAs.** If the custodian’s name is not in the account registration of a gift or transfer to minor (“UGMA/UTMA”) account, the custodian must provide instructions in a manner indicating custodial capacity.

### **C. Additional Redemption Information**

You may redeem Fund shares at NAV.

The Fund may reverse a transaction for the purchase of Fund shares within two business days of notification from your bank that your funds did not clear (1) to collect any charge relating to transactions effected for the benefit of a shareholder that is applicable to the Fund’s shares as provided in the Prospectus or (2) to recoup any actual losses incurred by the Fund or the Transfer Agent in connection with any reversed transaction.

**Suspension of Right of Redemption.** The right of redemption may not be suspended for more than seven days after the tender of Fund shares, except for any period during which: (1) the NYSE is closed (other than customary weekend and holiday closings) or during which the SEC determines that trading thereon is restricted; (2) an emergency (as determined by the SEC) exists as a result of which disposal by the Fund of its securities is not reasonably practicable or as a result of which it is not reasonably practicable for the Fund fairly to determine the value of its net assets; or (3) the SEC has entered a suspension order for the protection of the shareholders of the Fund.

**Redemption in Kind.** Redemption proceeds normally are paid in cash. If deemed appropriate and advisable by the Adviser, the Fund may satisfy a redemption request from a shareholder by distributing portfolio securities pursuant to procedures adopted by the Board. The Trust has filed an election with the SEC pursuant to which the Fund may effect a redemption in portfolio securities only if the particular shareholder is redeeming more than \$250,000 or 1% of the Fund’s total net assets, whichever is less, during any 90-day period.

**NAV Determination.** In determining the NAV of the Fund, securities for which market quotations are readily available are valued at current market value using the valuation price from the primary exchange where the security is listed, as provided by an independent pricing service. For other securities or securities not listed on an exchange, or if no sales price is reported, the mean of the last bid and ask price is used. If market quotations are not readily available, then securities are valued at fair value as determined by the Board (or its delegate). For further information, see the “General Information” section in the Prospectus.

**Distributions.** Distributions of net investment income will be reinvested at the NAV of the Fund (unless you elect to receive distributions in cash) as of the last day of the period with respect to which the distribution is paid. Distributions of net realized capital gains will be reinvested at the NAV of the Fund (unless you elect to receive distributions in cash) on the payment date for the distribution. Cash payments may be made more than seven days following the date on which distributions would otherwise be reinvested.

## TAXATION

---

The tax information set forth in the Prospectus and in this section relates solely to federal tax law and assumes that the Fund qualifies for treatment as a RIC (as discussed below). This information is only a summary of certain key federal income tax considerations affecting the Fund and its shareholders and is in addition to the tax information provided in the Prospectus. No attempt has been made to present a complete explanation of the federal tax treatment of the Fund or the tax implications to shareholders. The discussions here and in the Prospectus are not intended as substitutes for careful tax planning.

This “Taxation” section is based on the IRC, the regulations thereunder, and IRS interpretations and similar authority on which the Fund may rely, all as in effect on the date hereof, as well as on court decisions publicly available through that date. Future legislative, regulatory, or administrative changes or court decisions may significantly change the tax rules applicable to the Fund and its shareholders. Any of these changes or court decisions may have a retroactive effect.

*Each investor should consult his or her own tax advisor as to the federal, state, local, and foreign tax provisions applicable to the investor.*

### A. Qualification for Treatment as a Regulated Investment Company

The Fund intends, for each taxable year, to continue to qualify for treatment as a RIC. This qualification does not involve governmental supervision of management or investment practices or policies of the Fund.

The taxable year-end of the Fund is December 31, which is the same as its fiscal year-end.

**Consequences of Qualification.** As a RIC, the Fund will not be subject to federal income tax on the portion of its investment company taxable income (generally, interest, dividends, other ordinary income that is qualifying income described below, the excess of net short-term capital gain over net long-term capital loss, and net gains and losses from certain foreign currency transactions, net of expenses, all determined without regard to any deduction for dividends paid) and net capital gain (that is, the excess of net long-term capital gain over net short-term capital loss) that it distributes to its shareholders. To qualify to be taxed as a RIC for a taxable year, the Fund must satisfy the following requirements, among others:

- The Fund must distribute at least the sum of 90% of its investment company taxable income and 90% of its net exempt interest income for the taxable year (“Distribution Requirement”). Certain distributions made by the Fund after the close of its taxable year are considered distributions attributable to that taxable year for purposes of satisfying this requirement.
- The Fund must derive at least 90% of its gross income for the taxable year from (1) dividends, interest, payments with respect to securities loans, and gains from the sale or other disposition of securities or foreign currencies, or other income (including gains from options) derived from its business of investing in securities or those currencies and (2) net income from an interest in a “qualified publicly traded partnership” (“QPTP”) (income described in (1) and (2) “Qualifying Income”) (collectively, “Gross Income Requirement”). A QPTP is defined as a “publicly traded partnership” (generally, a partnership the interests in which are “traded on an established securities market” or are “readily tradable on a secondary market (or the substantial equivalent thereof)”) that derives less than 90% of its gross income from sources described in clause (1).
- The Fund must satisfy the following asset diversification requirements (“Diversification Requirements”) at the close of each quarter of its taxable year: (1) at least 50% of the value of its total assets must consist of cash and cash items, government securities, securities of other RICs, and securities of other issuers, with these other securities limited, in respect of any one issuer, to an amount that does not exceed 5% of the value of the Fund’s total assets and that does not represent more than 10% of the issuer’s outstanding voting securities (equity securities of a QPTP being considered voting securities for these purposes); and (2) no more than 25% of the value of its total assets may be invested in (a) the securities of any one issuer (other than government securities and securities of other RICs), (b) the securities (other than securities of other RICs) of two or more issuers that the Fund controls and that are engaged in the same, similar, or related trades or businesses, or (c) the securities of one or more QPTPs.

**Failure to Qualify.** If for any taxable year the Fund does not qualify for treatment as a RIC, either (1) by failing to satisfy the Distribution Requirement, even if it satisfied the Gross Income Requirement and the Diversification Requirements, or (2) by failing to satisfy the Gross Income Requirement and/or either Diversification Requirement and being unable, or determining not, to cure the failure in the manner described in the next two paragraphs, then for federal income tax purposes all of its taxable income (including its net capital gain) would be subject to tax at regular corporate rates without any deduction for dividends paid to its shareholders. In addition, for those purposes the dividends would be taxable to the shareholders as ordinary income to the extent of the Fund's current and accumulated earnings and profits, except that, for (a) individual and certain other non-corporate shareholders (each, an "individual shareholder"), the part thereof that is "qualified dividend income" would be subject to federal income tax at the rates for net capital gain, which are a maximum of 15% for an individual shareholder with taxable income not exceeding certain thresholds and 20% for individual shareholders with taxable income exceeding the thresholds (which will be adjusted for inflation annually), and (b) those dividends would be eligible for the dividends-received deduction available to corporations under certain circumstances. Furthermore, the Fund could be required to recognize unrealized gains, pay substantial taxes and interest, and make substantial distributions before requalifying for RIC treatment.

If the Fund fails to satisfy the Gross Income Requirement for any taxable year, it nevertheless will be considered to have satisfied that requirement for that year if, among other things, the failure "is due to reasonable cause and not due to willful neglect" and the Fund pays a tax in an amount equal to the excess of its gross income that is not Qualifying Income over one-ninth of its gross income that is Qualifying Income.

If the Fund fails to satisfy either Diversification Requirement at the close of any quarter of its taxable year by reason of a discrepancy existing immediately after its acquisition of any security that is wholly or partly the result of that acquisition during that quarter, it will not lose its status for that quarter as a RIC if the discrepancy is eliminated within 30 days after the quarter's close. If the Fund fails to satisfy either or both Diversification Requirement(s) (other than a *de minimis* failure, as described in the IRC) for a quarter and the preceding sentence does not apply, it nevertheless will be considered to have satisfied those requirements for that quarter if, among other things, the failure "is due to reasonable cause and not due to willful neglect" and the Fund disposes of the assets that caused the failure within six months after the last day of the quarter in which it identifies the failure in the manner prescribed by the IRS. In that case, the Fund will also be liable for a federal tax equal to the greater of \$50,000 or the amount determined by multiplying the net income generated by those assets for the period from the date the failure occurs to the date of disposition thereof by the highest rate of federal income tax applicable to corporations (currently 35%).

Failure to qualify for treatment as a RIC would thus have a negative impact on the Fund's after-tax performance. It is possible that the Fund will not qualify as a RIC in any given taxable year.

## **B. Fund Distributions**

The Fund anticipates distributing all or substantially all of its investment company taxable income and net exempt interest income, if any, for each taxable year. These distributions will be taxable to a shareholder as ordinary income, but, as described in the Prospectus, a portion of the distributions may be treated as "qualified dividend income" and thus eligible to be taxed to individual shareholders at the lower maximum federal income tax rates applicable to net capital gain.

The Fund anticipates distributing substantially all of its net capital gain (after reduction for any capital loss carryovers, *i.e.*, unutilized realized capital losses from prior taxable years) for each taxable year. These distributions generally will be made only once a year, usually in December, but the Fund may make a limited number of additional distributions of net capital gain at any time during the year. These distributions will be taxable to a shareholder as long-term capital gains, regardless of how long the shareholder has held his or her shares. These distributions will not qualify for the dividends-received deduction or as "qualified dividend income."

A distribution by the Fund that does not constitute an ordinary income dividend or capital or foreign currency gain distribution will be treated as a non-taxable return of capital. A return of capital distribution will reduce a shareholder's tax basis in Fund shares and will be treated as gain from the sale of the shares to the extent it exceeds the shareholder's basis.

Non-U.S. investors not engaged in a U.S. trade or business with which their investment in the Fund is effectively connected will be subject to U.S. federal income tax treatment that is different from that described above. Such non-U.S. investors may be subject to withholding tax at the rate of 30% (or a lower rate under an applicable tax treaty) on amounts

treated as ordinary dividends from the Fund. Capital gain distributions, if any, are not subject to the 30% withholding tax. Exemption from this withholding tax is also provided for dividends properly reported in writing by the Fund to its shareholders as “interest-related dividends” or as “short-term capital gain dividends” paid by the Fund with respect to its “qualified net interest income” or “qualified short-term gain”, respectively (all such terms as defined in the IRC). Non-U.S. investors will need to provide an effective IRS Form W-8BEN or other authorized withholding certificate to qualify for the exemption.

Each distribution by the Fund will be treated in the manner described above regardless of whether the distribution is paid in cash or reinvested in additional shares of the Fund (or of another fund). If a shareholder reinvests a distribution in additional shares, the shareholder will be treated as having received a distribution in an amount equal to the fair market value of the reinvested shares, determined as of the reinvestment date.

When a shareholder purchases shares of the Fund, the purchase price (NAV) will include any undistributed net investment income and realized net capital gains and foreign currency gains and any unrealized appreciation in the value of the assets of the Fund. A distribution of that income or gain (including net gain, if any, from realizing all or part of that appreciation) will be taxable to a shareholder in the manner described above, even if the distribution economically constitutes a partial return of capital to the shareholder.

Ordinarily, a shareholder is required to take taxable distributions by the Fund into income in the year in which they are made. A distribution declared in October, November, or December of any year and payable to shareholders of record on a specified date in one of those months, however, is deemed to be paid by the Fund and received by those shareholders on December 31 of that year if the distribution is paid in January of the following year.

The Fund will send information annually to its shareholders regarding the federal income tax status of distributions made (or deemed made) during the year.

### **C. Foreign Account Tax Compliance Act (“FATCA”)**

Under FATCA, foreign financial institutions (“FFIs”) and non-financial foreign entities (“NFFEs”) that are Fund shareholders may be subject to a generally nonrefundable 30% withholding tax on (1) income dividends the Fund pays and (2) certain capital gain distributions and the proceeds of a redemption of Fund shares that are paid after December 31, 2018. As discussed more fully below, the FATCA withholding tax generally may be avoided (a) by an FFI, if it reports certain information regarding direct and indirect ownership of financial accounts U.S. persons hold with the FFI, and (b) by an NFFE that certifies its status as such and, in certain circumstances, reports information regarding substantial U.S. owners.

An FFI may avoid FATCA withholding by becoming a “participating FFI,” which requires the FFI to enter into a tax compliance agreement with the IRS under the IRC. Under such an agreement, a participating FFI agrees to (1) verify and document whether it has U.S. accountholders, (2) report certain information regarding their accounts to the IRS, and (3) meet certain other specified requirements.

The U.S. Treasury Department has negotiated intergovernmental agreements (each, an “IGA”) with certain countries and is in various stages of negotiations with other foreign countries with respect to one or more alternative approaches to implement FATCA; entities in those countries may be required to comply with the terms of the relevant IGA instead of U.S. Treasury regulations. An FFI resident in a country that has entered into a Model I IGA with the United States must report to that country’s government (pursuant to the terms of the applicable IGA and applicable law), which will, in turn, report to the IRS. An FFI resident in a Model II IGA country generally must comply with U.S. regulatory requirements, with certain exceptions, including the treatment of recalcitrant accountholders. An FFI resident in one of those countries that complies with whichever of the foregoing applies will be exempt from FATCA withholding.

An NFFE that is the beneficial owner of a payment from the Fund may avoid FATCA withholding generally by certifying its status as such and, in certain circumstances, either that (1) it does not have any substantial U.S. owners or (2) it does have one or more such owners and reports the name, address, and taxpayer identification number of each such owner. The NFFE will report to the Fund or other applicable withholding agent, which may, in turn, report information to the IRS.

Those foreign shareholders also may fall into certain exempt, excepted, or deemed compliant categories established by U.S. Treasury regulations, IGAs, and other guidance regarding FATCA. An FFI or NFFE that invests in the Fund will

need to provide the Fund with documentation properly certifying the entity's status under FATCA to avoid FATCA withholding. The requirements imposed by FATCA are different from, and in addition to, the tax certification rules to avoid backup withholding described in the Prospectus. Foreign investors are urged to consult their tax advisors regarding the application of these requirements to their own situations and the impact thereof on their investments in the Fund.

#### **D. Redemption of Shares**

In general, you will realize gain or loss on a redemption of Fund shares in an amount equal to the difference between the proceeds of the redemption and your adjusted tax basis in the shares. All or a portion of any loss so realized will be disallowed if you purchase Fund shares (for example, by reinvesting distributions) within 30 days before or after the redemption (*i.e.*, a “wash” sale); if disallowed, the loss would be reflected in an upward adjustment to the basis in the purchased shares. In general, any gain or allowed loss arising from a redemption of shares of the Fund will be considered a capital gain or loss and will be long-term capital gain or loss if the shares were held for longer than one year. Any capital loss arising from a redemption of shares held for six months or less, however, will be treated as a long-term capital loss to the extent of the amount of distributions of net capital gain, if any, received on such shares. In determining the holding period of shares for this purpose, any period during which your risk of loss is offset by means of options, short sales, or similar transactions is not counted. Capital losses in any year are deductible only to the extent of capital gains plus, in the case of a non-corporate taxpayer, \$3,000 of ordinary income.

#### **E. Federal Excise Tax**

A 4% non-deductible federal excise tax (“Excise Tax”) is imposed on a RIC that fails to distribute in each calendar year an amount equal to at least the sum of (1) 98.0% of its ordinary income for the year plus (2) 98.2% of its capital gain net income for the one-year period ended on October 31 of the year plus (3) any ordinary income and capital gain net income for previous years that were not distributed during those years. The Fund will be treated as having distributed any amount on which it is subject to income tax for any taxable year ending in the calendar year.

For purposes of calculating the Excise Tax, the Fund (1) reduces its capital gain net income (but not below its net capital gain) by the amount of any net ordinary loss for the calendar year and (2) excludes foreign currency gains and losses realized or sustained after October 31 of any year in determining the amount of ordinary income for that calendar year. The Fund includes foreign currency gains and losses incurred after October 31 in determining the amount of ordinary income for the succeeding calendar year.

The Fund intends to make sufficient distributions each year of its ordinary income and capital gain net income to avoid liability for the Excise Tax. The Fund may in certain circumstances be required to liquidate portfolio investments to make distributions sufficient to avoid that liability.

#### **F. Certain Tax Rules Applicable to Fund Transactions**

**Investments in Foreign Currencies and Securities.** Gains or losses attributable to fluctuations in exchange rates that occur between the time that the Fund accrues interest, dividends or other receivables or accrues expenses or other liabilities denominated in a foreign currency and the time that the Fund actually collects such receivables or pays such liabilities are treated as ordinary income or ordinary losses. Similarly, gains or losses from the disposition of a foreign currency, or from the disposition of a fixed-income security denominated in a foreign currency that are attributable to fluctuations in the value of the foreign currency between the date of acquisition of the security and the date of its disposition, also are treated as ordinary income or ordinary losses. These gains or losses increase or decrease the amount of the Fund's investment company taxable income available to be distributed to its shareholders as ordinary income, rather than increasing or decreasing the amount of its net capital gain.

If the Fund owns shares in a foreign corporation that constitutes a “passive foreign investment company” for federal tax purposes (a “PFIC”) and the Fund does not make either of the elections described in the next two paragraphs, it will be subject to federal income tax on a portion of any “excess distribution” it receives from the PFIC and any gain it derives from the disposition of such shares (collectively, “PFIC Income”), even if it distributes the PFIC Income as a taxable dividend to its shareholders. The Fund will also be subject to additional interest charges in respect of deferred taxes arising from the PFIC Income. Any such tax paid by the Fund as a result of its ownership of shares in a PFIC will not give rise to any deduction or credit to the Fund or to any shareholder. A PFIC is any foreign corporation (with certain exceptions) that, in general, meets either of the following tests for a taxable year: (1) at least 75% of its gross income is derived from “passive income” (including interest and dividends) or (2) an average of at least 50% of the value (or

adjusted tax basis, if elected) of its assets produce, or are held for the production of, “passive income.” The Fund’s distributions of PFIC Income will not be eligible for the 15% and 20% maximum federal income tax rates on individual shareholders’ “qualified dividend income” described in the Prospectus.

The Fund may elect to “mark to market” its stock in a PFIC. Under such an election, the Fund would include in gross income (and treat as ordinary income) each taxable year an amount equal to the excess, if any, of the fair market value of the PFIC stock as of the close of the taxable year over the Fund’s adjusted basis in the PFIC stock. The Fund would be allowed a deduction for the excess, if any, of that adjusted basis over that fair market value, but only to the extent of any net mark-to-market gains included in income by the Fund for prior taxable years. The Fund’s adjusted basis in the PFIC stock would be adjusted to reflect the amounts included in, or deducted from, income under this election. Amounts so included, as well as gain realized on the disposition of the PFIC stock, would be treated as ordinary income. The deductible portion of any mark-to-market loss, as well as any loss realized on the disposition of the PFIC stock to the extent that such loss does not exceed the net mark-to-market gains previously included in income by the Fund, would be treated as ordinary loss. The Fund generally would not be subject to the deferred tax and interest charge provisions discussed above with respect to PFIC stock for which a mark-to-market election has been made.

If the Fund purchases shares in a PFIC and elects to treat the PFIC as a “qualified electing fund,” the Fund would be required to include in its income each taxable year its *pro rata* share of the ordinary income and net capital gains of the PFIC, even if the income and gains were not distributed to the Fund. Any such income would be subject to the Distribution Requirement and the calendar year Excise Tax distribution requirement described above. In most instances it will be very difficult, if not impossible, to make this election because some of the information required to make this election may not be easily obtainable.

Investors should be aware that determining whether a foreign corporation is a PFIC is a fact-intensive determination that is based on various facts and circumstances and thus is subject to change, and the principles and methodology used therein are subject to interpretation. As a result, the Fund may not be able, at the time it acquires a foreign corporation’s shares, to ascertain whether the corporation is a PFIC and that a foreign corporation may become a PFIC after the Fund acquires shares therein. While the Fund generally will seek not to invest in PFIC shares to avoid the tax consequences detailed above, there are no guarantees that it will be able to do so, and it reserves the right to make such investments as a matter of its investment policy.

## **G. Foreign Income Tax**

Investment income received by the Fund from sources within foreign countries and U.S. possessions and gains that the Fund realizes on the disposition of foreign securities (collectively, “foreign source income”) may be subject to foreign or possession income or other taxes withheld at the source (collectively, “foreign taxes”). The United States has entered into tax treaties with many foreign countries that may entitle the Fund to a reduced rate of foreign taxes or exemption from taxes on foreign source income. It is impossible to know the effective rate of foreign tax in advance, since the amount of the Fund’s assets to be invested within various countries will vary.

## **H. Capital Loss Carryovers (“CLCOs”)**

The Fund may have capital loss carryovers (“CLCOs”) for a taxable year. CLCOs may be used to offset any current capital gain (whether short-term or long-term) and will not expire. All CLCOs are listed in the Fund’s financial statements. Any such losses may not be carried back.

## **I. State and Local Taxes**

The tax rules of the various states and their local jurisdictions with respect to an investment in the Fund may differ from the federal income tax rules described above. These state and local rules are not discussed herein. You are urged to consult your tax advisor as to the consequences of state and local tax rules with respect to an investment in the Fund.

## OTHER MATTERS

---

### A. The Trust and Its Shareholders

**General Information.** The Fund is a separate series of the Trust. The Trust is an open-end investment management company organized under Delaware law as a statutory trust on August 29, 1995. On January 5, 1996, the Trust succeeded to the assets and liabilities of Forum Funds, Inc. The Trust's trust instrument (the "Trust Instrument") permits the Trust to offer separate series ("funds") of shares of beneficial interest ("shares"). The Trust reserves the right to create and issue shares of additional funds. The Trust and each fund will continue indefinitely until terminated. Each fund is a separate mutual fund, and each share of each fund represents an equal proportionate interest in that fund. All consideration received by the Trust for shares of any fund and all assets of such fund belong solely to that fund and would be subject to liabilities related thereto. The other funds of the Trust are described in one or more separate statements of additional information.

**Shareholder Voting and Other Rights.** Each share of a fund and each class of shares has equal dividend, distribution, liquidation and voting rights. Fractional shares have those rights proportionately, except that expenses related to the distribution of shares of each fund or class (and certain other expenses such as transfer agency, shareholder service and administration expenses) are borne solely by those shares. Each fund or class votes separately with respect to the provisions of any Rule 12b-1 plan that pertains to the fund or class and other matters for which separate fund or class voting is appropriate under applicable law. Generally, shares will be voted separately by each fund except if: (1) the 1940 Act requires shares to be voted in the aggregate and not by individual funds; or (2) the Board determines that the matter affects more than one fund and all affected funds must vote. The Board may also determine that a matter only affects certain funds or classes of the Trust and thus that only those funds or classes are entitled to vote on the matter. Delaware law does not require the Trust to hold annual meetings of shareholders, and it is anticipated that shareholder meetings will be held only when specifically required by federal or state law. There are no conversion or preemptive rights in connection with shares of the Trust.

All shares, when issued in accordance with the terms of the offering, will be fully paid and non-assessable.

A shareholder in a fund is entitled to the shareholder's pro rata share of all distributions arising from that fund's assets and, upon redeeming shares, will receive the portion of the fund's net assets represented by the redeemed shares.

Shareholders representing 10% or more of the Trust's (or a fund's) shares may, as set forth in the Trust Instrument, call meetings of the Trust (or fund) for any purpose related to the Trust (or fund), including, in the case of a meeting of the Trust, the purpose of voting on removal of one or more trustees.

**Termination or Reorganization of Trust or its Series.** The Board, may, without prior shareholder approval, change the form of organization of the Trust by merger, consolidation or incorporation, so long as the surviving entity is an open-end management investment company. Under the Trust Instrument, the trustees may also, without shareholder vote, sell and convey all or substantially all of the assets of the Trust to another trust, partnership, association or corporation, or cause the Trust to incorporate in the State of Delaware, so long as the surviving entity is an open-end management investment company that will succeed to or assume the Trust's registration statement.

Under the Trust Instrument, the Board may sell or convey the assets of a fund or reorganize such fund into another investment company registered under the 1940 Act without a shareholder vote.

### B. Fund Ownership

A principal shareholder is any person who owns of record or beneficially 5% or more of the outstanding shares of the Fund. A control person is a shareholder who owns beneficially or through controlled companies more than 25% of the voting securities of a company or acknowledges the existence of control. Shareholders owning voting securities in excess of 25% may determine the outcome of any matter affecting and voted on by shareholders of the Fund.

As of April 3, 2017, the trustees and officers of the Trust in aggregate owned less than 1% of the outstanding shares of beneficial interest of the Fund.

As of April 3, 2017, certain shareholders listed in Table 6 in Appendix B owned of record or beneficially 5% or more of the shares of the Fund.

### **C. Limitations on Shareholders' and Trustees' Liability**

Delaware law provides that Fund shareholders are entitled to the same limitations of personal liability extended to stockholders of private corporations for profit. In addition, the Trust Instrument contains an express disclaimer of shareholder liability for the debts, liabilities, obligations and expenses of the Trust. The Trust Instrument provides for indemnification out of each fund's property of any shareholder or former shareholder held personally liable for the obligations of the relevant fund. The Trust Instrument also provides that the Trust, on behalf of a fund, shall, upon request, assume the defense of any claim made against any shareholder for any act or obligation of that fund and satisfy any judgment thereon. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which Delaware law does not apply, no contractual limitation of liability is in effect, and the Fund is unable to meet its obligations.

The Trust Instrument provides that the trustees shall not be liable to any person other than the Trust and its shareholders. In addition, the Trust Instrument provides that the trustees shall not be liable for any conduct whatsoever, provided that a trustee is not protected against any liability to which he or she would otherwise be subject by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

Effective June 9, 2016, the Board adopted certain changes to the Trust's Amended and Restated Trust Instrument. Effective September 8, 2016, the Board adopted certain additional changes to the Trust's Amended and Restated Trust Instrument. Collectively, these changes include, among other matters, provisions that: (i) clarify certain duties, responsibilities, and powers of the Trustees; (ii) provide that any action brought by a shareholder related to the Fund will be brought in the Delaware Court of Chancery; (iii) clarify that shareholders are not intended to be third-party beneficiaries of Fund contracts; and (iv) establish certain procedures and limitations regarding shareholder lawsuits on behalf of the Trust. The foregoing description is qualified in its entirety by the full text of the Amended and Restated Trust Instrument.

### **D. Proxy Voting Procedures**

The Trust's and the Adviser's proxy voting procedures are included in Appendices C and D, respectively.

Information regarding how the Fund voted proxies relating to portfolio securities during the 12-month period ended June 30 is available: (1) without charge, upon request, by contacting the Transfer Agent at (800) 441-7031 (toll free); and (2) on the SEC's website at [www.sec.gov](http://www.sec.gov). The Fund's proxy voting record for the period ended June 30 is available on the Fund's website at [www.Lebenthal-lisantismallcap.com](http://www.Lebenthal-lisantismallcap.com).

### **E. Code of Ethics**

The Trust and the Adviser have each adopted a code of ethics under Rule 17j-1 of the 1940 Act. These codes are designed to eliminate conflicts of interest between the Fund and personnel of the Trust and the Adviser. The codes permit such personnel to invest in securities, including securities that may be purchased or held by the Fund, subject to certain limitations.

### **F. Registration Statement**

This SAI and the Prospectus do not contain all of the information included in the Trust's registration statement filed with the SEC under the 1933 Act with respect to the securities offered hereby. The registration statement, including the exhibits filed therewith, may be examined at the office of the SEC in Washington, D.C. The SEC maintains a website (<http://www.sec.gov>) that contains this SAI, any material incorporated by reference, and other information regarding the Fund.

Statements contained herein and in the Prospectus as to the contents of any contract or other documents are not necessarily complete, and, in each instance, are qualified by reference to the copy of such contract or other documents filed as exhibits to the registration statement.

### **G. Financial Statements**

The Fund's Financial Statements and Financial Highlights for the fiscal year ended December 31, 2016 are incorporated by reference into this SAI from the Fund's Annual Report to shareholders, have been audited by BBD, an independent

registered public accounting firm, as stated in its report, which is incorporated herein by reference, and have been so incorporated in reliance upon reports of such firm, given upon its authority as an expert in accounting and auditing.

## APPENDIX A – DESCRIPTION OF SECURITIES RATINGS

---

### Corporate and Municipal Long-Term Bond Ratings

Standard & Poor's ("S&P") Corporate and Municipal Long-Term Bond Ratings:

*The following descriptions of S&P's long-term corporate and municipal bond ratings have been published by Standard & Poor's Financial Service LLC.*

**AAA** - An obligation rated 'AAA' has the highest rating assigned by S&P. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

**AA** - An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

**A** - An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.

**BBB** - An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

**BB, B, CCC, CC, and C** - Obligations rated 'BB', 'B', 'CCC', 'CC', and 'C' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'C' the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.

**BB** - An obligation rated 'BB' is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

**B** - An obligation rated 'B' is more vulnerable to nonpayment than obligations rated 'BB', but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation.

**CCC** - An obligation rated 'CCC' is currently vulnerable to nonpayment, and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation.

**CC** - An obligation rated 'CC' is currently highly vulnerable to nonpayment. The 'CC' rating is used when a default has not yet occurred, but Standard & Poor's expects default to be a virtual certainty, regardless of the anticipated time to default.

**C** - An obligation rated 'C' is currently highly vulnerable to nonpayment, and the obligation is expected to have lower relative seniority or lower ultimate recovery compared to obligations that are rated higher.

**D** - An obligation rated 'D' is in default or in breach of an imputed promise. For non-hybrid capital instruments, the 'D' rating category is used when payments on an obligation are not made on the date due, unless Standard & Poor's believes that such payments will be made within five business days in the absence of a stated grace period or within the earlier of the stated grace period or 30 calendar days. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of similar action and where default on an obligation is a virtual certainty, for example due to automatic stay provisions. An obligation's rating is lowered to 'D' if it is subject to a distressed exchange offer.

**Plus (+) or Minus (-)** - The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

**NR** - This indicates that no rating has been requested, that there is insufficient information on which to base a rating, or that Standard & Poor's does not rate a particular obligation as a matter of policy.

Moody's Investors Service, Inc. ("Moody's") Long-Term Corporate Bond Ratings:

*The following descriptions of Moody's long-term corporate bond ratings have been published by Moody's Investors Service, Inc. and Moody's Analytics Inc.*

**Aaa** - Obligations rated Aaa are judged to be of the highest quality, with minimal credit risk.

**Aa** - Obligations rated Aa are judged to be of high quality and are subject to very low credit risk.

**A** - Obligations rated A are considered upper-medium grade and are subject to low credit risk.

**Baa** - Obligations rated Baa are subject to moderate credit risk. They are considered medium-grade and as such may possess certain speculative characteristics.

**Ba** - Obligations rated Ba are judged to have speculative elements and are subject to substantial credit risk.

**B** - Obligations rated B are considered speculative and are subject to high credit risk.

**Caa** - Obligations rated Caa are judged to be of poor standing and are subject to very high credit risk.

**Ca** - Obligations rated Ca are highly speculative and are likely in, or very near, default, with some prospect of recovery of principal and interest.

**C** - Obligations rated C are the lowest rated class of bonds and are typically in default, with little prospect for recovery of principal or interest.

Modifiers: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Moody's U.S. Municipal Long-Term Bond Ratings:

*The following descriptions of Moody's long-term municipal bond ratings have been published by Moody's Investors Service, Inc. and Moody's Analytics Inc.*

**Aaa** - Issuers or issues rated Aaa demonstrate the strongest creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**Aa** - Issuers or issues rated Aa demonstrate very strong creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**A** - Issuers or issues rated A present above-average creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**Baa** - Issuers or issues rated Baa represent average creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**Ba** - Issuers or issues rated Ba demonstrate below-average creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**B** - Issuers or issues rated B demonstrate weak creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**Caa** - Issuers or issues rated Caa demonstrate very weak creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**Ca** - Issuers or issues rated Ca demonstrate extremely weak creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

**C** - Issuers or issues rated C demonstrate the weakest creditworthiness relative to other U.S. municipal or tax-exempt issuers or issues.

Modifiers: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating category from Aa through Caa. The modifier 1 indicates that the issuer or obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Fitch Ratings Ltd. ("Fitch") Corporate Bond Ratings:

*The following descriptions of Fitch's long-term corporate bond ratings have been published by Fitch, Inc. and Fitch Ratings Ltd.*

**AAA** - Highest credit quality. 'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

**AA** - Very high credit quality. 'AA' ratings denote expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

**A** - High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

**BBB** - Good credit quality. 'BBB' ratings indicate that expectations of credit risk are currently low. The capacity for payment of financial commitments is considered adequate but adverse business or economic conditions are more likely to impair this capacity.

**BB** - Speculative. 'BB' ratings indicate an elevated vulnerability to credit risk, particularly in the event of adverse changes in business or economic conditions over time; however, business or financial alternatives may be available to allow financial commitments to be met.

**B** - Highly speculative. 'B' ratings indicate that material credit risk is present. For performing obligations, default risk is commensurate with the issuer being rated with an Issuer Default Risk ("IDR") in the ranges 'BB' to 'C'. For issuers with an IDR below 'B', the overall credit risk of this obligation is moderated by the expected level of recoveries should a default occur. For issuers with an IDR above 'B', the overall credit risk of this obligation is exacerbated by the expected low level of recoveries should a default occur. For non-performing obligations, the obligation or issuer is in default, or has deferred payment, but the rated obligation is expected to have extremely high recovery rates consistent with a Recovery Rating of 'RR1' (outstanding recovery prospects given default).

**CCC** - Substantial credit risk. 'CCC' ratings indicate that substantial credit risk is present. For performing obligations, default risk is commensurate with an IDR in the ranges 'B' to 'C'. For issuers with an IDR below 'CCC', the overall credit risk of this obligation is moderated by the expected level of recoveries should a default occur. For issuers with an IDR above 'CCC', the overall credit risk of this obligation is exacerbated by the expected low level of recoveries should a default occur. For non-performing obligations, the obligation or issuer is in default, or has deferred payment, but the rated obligation is expected to have a superior recovery rate consistent with a Recovery Rating of 'RR2' (superior recovery prospects given default).

**CC** - Very high levels of credit risk. 'CC' ratings indicate very high levels of credit risk. For performing obligations, default risk is commensurate with an IDR in the ranges 'B' to 'C'. For issuers with an IDR below 'CC', the overall credit risk of this obligation is moderated by the expected level of recoveries should a default occur. For issuers with an IDR above 'CC', the overall credit risk of this obligation is exacerbated by the expected low level of recoveries should a default occur. For non-performing obligations, the obligation or issuer is in default, or has deferred payment, but the rated obligation is expected to have a good recovery rate consistent with a Recovery Rating of 'RR3' (good recovery prospects given default).

**C** - Exceptionally high levels of credit risk. ‘C’ indicates exceptionally high levels of credit risk. For performing obligations, default risk is commensurate with an IDR in the ranges ‘B’ to ‘C’. The overall credit risk of this obligation is exacerbated by the expected low level of recoveries should a default occur. For non-performing obligations, the obligation or issuer is in default, or has deferred payment, and the rated obligation is expected to have an average, below-average or poor recovery rate consistent with a Recovery Rating of ‘RR4’ (average recovery prospects given default), ‘RR5’ (below average recovery prospects given default) or ‘RR6’ (poor recovery prospects given default).

Defaulted obligations typically are not assigned ‘D’ ratings, but are instead rated in the ‘B’ to ‘C’ rating categories, depending upon their recovery prospects and other relevant characteristics. This approach better aligns obligations that have comparable overall expected loss but varying vulnerability to default and loss.

**Plus (+) or Minus (-)** The modifiers “+” or “-” may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the ‘AAA’ obligation rating category, or to corporate finance obligation ratings in the categories below ‘B’.

The terms “investment grade” and “speculative grade” have established themselves over time as shorthand to describe the categories ‘AAA’ to ‘BBB’ (investment grade) and ‘BB’ to ‘D’ (speculative grade). The terms “investment grade” and “speculative grade” are market conventions, and do not imply any recommendation or endorsement of a specific security for investment purposes. “Investment grade” categories indicate relatively low to moderate credit risk, while ratings in the “speculative” categories either signal a higher level of credit risk or that a default has already occurred.

#### Fitch’s Municipal Bond Long-Term Ratings:

*The following descriptions of Fitch’s long-term municipal bond ratings have been published by Fitch, Inc. and Fitch Ratings Ltd.*

**AAA** - Highest credit quality. ‘AAA’ ratings denote the lowest expectation of default risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

**AA** - Very high credit quality. ‘AA’ ratings denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

**A** - High credit quality. ‘A’ ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

**BBB** - Good credit quality. ‘BBB’ ratings indicate that expectations of credit risk are currently low. The capacity for payment of financial commitments is considered adequate but adverse business or economic conditions are more likely to impair this capacity.

**BB** - Speculative. ‘BB’ ratings indicate an elevated vulnerability to default risk, particularly in the event of adverse changes in business or economic conditions over time.

**B** - Highly speculative. ‘B’ ratings indicate that material default risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is vulnerable to deterioration in the business and economic environment.

**CCC** - Substantial credit risk. ‘CCC’ ratings indicate that default is a real possibility.

**CC** - Very high levels of credit risk. ‘CC’ ratings indicate default of some kind appears probable.

**C** - Exceptionally high levels of credit risk. ‘C’ ratings indicate default appears imminent or inevitable.

**D** - Default. ‘D’ ratings indicate a default. Default generally is defined as one of the following:

- failure to make payment of principal and/or interest under the contractual terms of the rated obligation;

- the bankruptcy filings, administration, receivership, liquidation or other winding-up or cessation of the business of an issuer/obligor; or
- the distressed exchange of an obligation, where creditors were offered securities with diminished structural or economic terms compared with the existing obligation.

**Structured Finance Defaults** – “Imminent” default, categorized under ‘C’, typically refers to the occasion where a payment default has been intimated by the issuer, and is all but inevitable. This may, for example, be where an issuer has missed a scheduled payment, but (as is typical) has a grace period during which it may cure the payment default. Another alternative would be where an issuer has formally announced a distressed debt exchange, but the date of the exchange still lies several days or weeks in the immediate future.

Additionally, in structured finance transactions, where analysis indicates that an instrument is irrevocably impaired such that it is not expected to pay interest and/or principal in full in accordance with the terms of the obligation’s documentation during the life of the transaction, but where no payment default in accordance with the terms of the documentation is imminent, the obligation will typically be rated in the ‘C’ category.

**Structured Finance Writedowns** - Where an instrument has experienced an involuntary and, in the agency’s opinion, irreversible “writedown” of principal (i.e. other than through amortization, and resulting in a loss to the investor), a credit rating of ‘D’ will be assigned to the instrument. Where the agency believes the “writedown” may prove to be temporary (and the loss may be “written up” again in future if and when performance improves), then a credit rating of ‘C’ will typically be assigned. Should the “writedown” then later be reversed, the credit rating will be raised to an appropriate level for that instrument. Should the “writedown” later be deemed as irreversible, the credit rating will be lowered to ‘D’.

Notes: In the case of structured and project finance, while the ratings do not address the loss severity given default of the rated liability, loss severity assumptions on the underlying assets are nonetheless typically included as part of the analysis. Loss severity assumptions are used to derive pool cash flows available to service the rated liability.

**Plus (+) or Minus (-)** - The modifiers “+” or “-” may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the ‘AAA’ Long-Term Rating category, or to Long-Term Rating categories below ‘B’.

### **Municipal Short-Term Bond Ratings**

#### S&P’s Municipal Short-Term Bond Ratings:

*The following descriptions of S&P’s short-term municipal ratings have been published by Standard & Poor’s Financial Service LLC.*

**SP-1** - Strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus (+) designation.

**SP-2** - Satisfactory capacity to pay principal and interest, with some vulnerability to adverse financial and economic changes over the term of the notes.

**SP-3** - Speculative capacity to pay principal and interest.

#### Moody’s Municipal Short-Term Ratings:

*The following descriptions of Moody’s short-term municipal ratings have been published by Moody’s Investors Service, Inc. and Moody’s Analytics Inc.*

**MIG 1** - This designation denotes superior credit quality. Excellent protection is afforded by established cash flows, highly reliable liquidity support, or demonstrated broad-based access to the market for refinancing.

**MIG 2** - This designation denotes strong credit quality. Margins of protection are ample, although not as large as in the preceding group.

**MIG 3** - This designation denotes acceptable credit quality. Liquidity and cash-flow protection may be narrow, and market access for refinancing is likely to be less well-established.

**SG** - This designation denotes speculative-grade credit quality. Debt instruments in this category may lack sufficient margins of protection.

#### Fitch's Municipal Short-Term Credit Ratings:

*The following descriptions of Fitch's municipal short-term credit ratings have been published by Fitch, Inc. and Fitch Ratings Ltd.*

**F1** - Highest short-term credit quality. Indicates the strongest intrinsic capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.

**F2** - Good short-term credit quality. Good intrinsic capacity for timely payment of financial commitments.

**F3** - Fair short-term credit quality. The intrinsic capacity for timely payment of financial commitments is adequate.

**B** - Speculative short-term credit quality. Minimal capacity for timely payment of financial commitments, plus heightened vulnerability to near term adverse changes in financial and economic conditions.

**C** - High short-term default risk. Default is a real possibility.

**RD** - Restricted default. Indicates an entity that has defaulted on one or more of its financial commitments, although it continues to meet other financial obligations. Applicable to entity ratings only.

**D** - Default. Indicates a broad-based default event for an entity, or the default of a specific short-term obligation.

#### **Short-Term Credit Ratings**

#### S&P's Short-Term Credit Ratings:

*The following descriptions of S&P's short-term credit ratings have been published by Standard & Poor's Financial Service LLC.*

**A-1** - A short-term obligation rated 'A-1' is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

**A-2** - A short-term obligation rated 'A-2' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

**A-3** - A short-term obligation rated 'A-3' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

**B** - A short-term obligation rated 'B' is regarded as vulnerable and has significant speculative characteristics. The obligor currently has the capacity to meet its financial commitments; however, it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitments.

**C** - A short-term obligation rated 'C' is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation.

**D** - A short-term obligation rated 'D' is in default or in breach of an imputed promise. For non-hybrid capital instruments, the 'D' rating category is used when payments on an obligation are not made on the date due, unless Standard & Poor's believes that such payments will be made within any stated grace period. However, any stated grace

period longer than five business days will be treated as five business days. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action and where default on an obligation is a virtual certainty, for example due to automatic stay provisions. An obligation's rating is lowered to 'D' if it is subject to a distressed exchange offer.

**Dual Ratings** – S&P assigns “dual” ratings to all debt issues that have a put option or demand feature. The first component of the rating addresses the likelihood of repayment of principal and interest as due, and the second component of the rating addresses only the demand feature. The first component of the rating can relate to either a short-term or long-term transaction and accordingly use either short-term or long-term rating symbols. The second component of the rating relates to the put option and is assigned a short-term rating symbol (for example, 'AAA/A-1+' or 'A-1+/A-1'). With U.S. municipal short-term demand debt, the U.S. municipal short-term note rating symbols are used for the first component of the rating (for example, 'SP-1+/A-1+').

#### Moody's Short-Term Ratings:

*The following descriptions of Moody's short-term credit ratings have been published by Moody's Investors Service, Inc. and Moody's Analytics Inc.*

**P-1** - Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

**P-2** - Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

**P-3** - Issuers (or supporting institutions) rated Prime-3 have an acceptable ability to repay short-term obligations.

**NP** - Issuers (or supporting institutions) rated Not Prime do not fall within any of the Prime rating categories.

Note: Canadian issuers rated P-1 or P-2 have their short-term ratings enhanced by the senior-most long-term rating of the issuer, its guarantor or support-provider.

#### Fitch's Short-Term Ratings:

*The following descriptions of Fitch's short-term credit ratings have been published by Fitch, Inc. and Fitch Ratings Ltd.*

**F1** - Highest short-term credit quality. Indicates the strongest intrinsic capacity for timely payment of financial commitments; may have an added “+” to denote any exceptionally strong credit feature.

**F2** - Good short-term credit quality. Good intrinsic capacity for timely payment of financial commitments.

**F3** - Fair short-term credit quality. The intrinsic capacity for timely payment of financial commitments is adequate.

**B** - Speculative short-term credit quality. Minimal capacity for timely payment of financial commitments, plus heightened vulnerability to near term adverse changes in financial and economic conditions.

**C** - High short-term default risk. Default is a real possibility.

**RD** - Restricted default. Indicates an entity that has defaulted on one or more of its financial commitments, although it continues to meet other financial obligations. Applicable to entity ratings only.

**D** - Default. Indicates a broad-based default event for an entity, or the default of a specific short-term obligation.

The modifiers “+” or “-” may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the 'AAA' Long-term rating category, to categories below 'CCC', or to Short-term ratings other than 'F1'. (The +/- modifiers are only used to denote issues within the CCC category, whereas issuers are only rated CCC without the use of modifiers.)

## APPENDIX B – MISCELLANEOUS TABLES

**Table 1 – Investment Advisory Fees**

The following table shows the dollar amount of fees accrued with respect to the Fund, the amount of fees waived and/or expenses reimbursed by the Adviser, if any, and the actual fees retained by the Adviser. The data is for the last three fiscal years.

Year Ended	Advisory Fees Accrued	Advisory Fees Waived	Advisory Fees Retained
December 31, 2016	\$238,473	\$112,942	\$125,531
December 31, 2015	\$280,004	\$79,985	\$200,019
December 31, 2014	\$270,507	\$78,051	\$192,456

**Table 2 – Administration Fees**

The following table shows the dollar amount of fees accrued with respect to the Fund, the amount of fees waived by Atlantic, if any, and the actual fees retained by Atlantic. The data is for the last three fiscal years.

Year Ended	Administration Fees Accrued	Administration Fees Waived	Administration Fees Retained
December 31, 2016	\$160,000	\$50,000	\$110,000
December 31, 2015	\$160,000	\$50,000	\$110,000
December 31, 2014	\$160,000	\$50,000	\$110,000

**Table 3 – Commissions**

The following table shows the aggregate brokerage commissions of the Fund. The data is for the last three fiscal years.

Year Ended	Aggregate Brokerage Commissions (\$) Paid	Total Brokerage Commissions (\$) Paid to Affiliate of Fund, Adviser or Distributor	% of Brokerage Commissions Paid to Affiliate of Fund, Adviser or Distributor	% of Transactions Executed by Affiliate of Fund, Adviser or Distributor
December 31, 2016	\$225,156	\$0	0%	0%
December 31, 2015	\$187,863	\$0	0%	0%
December 31, 2014	\$251,527	\$0	0%	0%

**Table 4 – Directed Brokerage**

The following table lists each broker to which the Fund directed brokerage in return for research services, the amount of transactions so directed and the amount of commissions generated therefrom. The data is for the fiscal year ended December 31, 2016.

Broker	Amount Directed (\$)	Amount of Commissions Generated (\$)
ABEL/NOSER CORP.	36,984,530	54,336
CONVERGEX GROUP, LLC	20,825,514	34,893

<b>Name</b>	<b>% of Fund</b>
NATIONAL FINANCIAL SERVICES LLC 499 WASHINGTON BLVD FL 5 JERSEY CITY, NJ 07310-2010	14.20%

## APPENDIX C – TRUST PROXY VOTING PROCEDURES

---

### Forum Funds Shareholder Voting Policy

As of December 14, 2012

#### SECTION 1. BACKGROUND

The Trust exercises its shareholder voting responsibilities as an investor in other issuers as a fiduciary, with the goal of maximizing the value of the Trust's and its shareholders' investments. This Policy details the Trust's policy with respect to shareholder voting.

#### SECTION 2. ADVISER RESPONSIBILITIES

(A) Delegation by Board. Each Fund has delegated to the Adviser the authority to vote as a shareholder of issuers whose securities are held in its portfolio. The Adviser shall maintain and the Board shall approve voting procedures related to the Adviser acting on behalf of the Fund in accordance with its fiduciary duties and the best interests of Fund shareholders.

(B) Delivery of Proxies. The Adviser is responsible for coordinating the delivery of proxies to be voted by the Custodian to the Adviser or to an agent of the Adviser selected by the Adviser to vote proxies with respect to which the Adviser has such discretion (a "Proxy Voting Service"). Upon request, the Adviser shall provide periodic reports to the Board as to the implementation and operation of its shareholder voting policies and procedures as they relate to the Trust.

(C) Conflicts of Interest. The Trust recognizes that under certain circumstances an Adviser or Proxy Voting Service may have a conflict of interest in voting on behalf of a Fund. A conflict of interest includes any circumstance when the Fund, the Adviser, the Distributor, the Proxy Voting Service or one or more of their Affiliated Persons (including officers, directors and employees) knowingly does business with, receives compensation from, or sits on the board of, a particular issuer or closely affiliated entity, and, therefore, may appear to have a conflict of interest between its own interests and the interests of Fund shareholders in how shares of that issuer are voted.

Each Adviser is responsible for maintaining procedures to identify and address material conflicts of interest and, when applicable, determine the adequacy of a Proxy Voting Service's procedures to identify and address material conflicts of interest.

(D) Voting Record. The Adviser shall be responsible for ensuring a voting record is maintained that includes all instances where the Fund was entitled to vote and will coordinate the annual delivery of such record to the Administrator for purposes of preparing the Trust's annual Form N-PX filing. The voting record shall include the following information required to be reported in Form N-PX:

- (1) The name of the issuer of the security;
- (2) The exchange ticker symbol of the security;
- (3) The CUSIP for the security;
- (4) The shareholder meeting date;
- (5) A brief identification of the matter voted on;
- (6) Whether the matter was proposed by the issuer or by a security holder;
- (7) Whether the Trust cast its vote on the matter;
- (8) How the Trust cast its vote (e.g., for or against proposal, or abstain; for or withhold regarding election of directors); and

(9) Whether the Trust cast its vote for or against management.

The Adviser shall also be responsible for ensuring information regarding how the Fund voted relating to portfolio securities during the twelve-month period ended June 30 is available on the Fund's website or other location consistent with disclosure in the Fund's registration statement.

### **SECTION 3: ABSTENTION**

The Trust and an Adviser may abstain from shareholder voting in certain circumstances. Abstaining from voting may be appropriate if voting would be unduly burdensome or expensive, or otherwise not in the best interest of a Fund's shareholders.

### **SECTION 4: BOARD REPORTING AND REVIEW**

(A) The Adviser shall submit its voting procedures to the Board for review and approval initially and at the next regularly scheduled meeting of the Board following any material change.

(B) The Adviser shall report to the Board, at least quarterly, whether any conflicts of interest arose while voting as an investor in other issuers and how such conflicts were handled.

## **APPENDIX D – ADVISER PROXY VOTING PROCEDURES**

---

### **Lebenthal Lisanti Capital Growth, LLC**

#### **POLICIES AND PROCEDURES FOR SHAREHOLDER VOTING**

##### **A. Introduction**

These Policies and Procedures for Shareholder Voting have been adopted by Lebenthal Lisanti Capital Growth, LLC (hereafter referred to as “Lebenthal Lisanti”) with respect to the voting of proxies on behalf of the accounts and investment companies (“clients”) over which Lebenthal Lisanti has discretionary voting authority. In voting proxies, it is the policy of Lebenthal Lisanti to ensure that proxies are voted in a manner that is consistent with the best interests of its clients, to provide its clients with proxy voting policies and procedures upon request and to ensure information is maintained regarding how the firm voted with respect to client securities.

##### **B. Responsibilities / Proxy Committee**

The Proxy Committee comprised of Mary Lisanti, Myles R. Blechner, and Jeffrey Bernstein, is responsible for oversight of Lisanti’s and proxy voting program. The Proxy Administrators, Mary Lisanti, Jeffrey Bernstein, and Myles R. Blechner, are responsible for monitoring corporate actions, monitoring voting decisions and ensuring that proxies are submitted in a timely manner. Rule 206(4)-6 under the Investment Advisers Act requires advisers to adopt proxy voting policies and procedures, to disclose to clients information about those policies and procedures, and to disclose to clients how they may obtain information on how the adviser has voted their proxies. In addition, amendments to Rule 204-2 require advisers to maintain certain records relating to proxy voting, as discussed below.

##### **C. Proxy Voting**

In those circumstances in which Lebenthal Lisanti has proxy voting authority for clients, Lebenthal Lisanti uses an independent proxy voting service, Institutional Shareholder Services, Inc. (ISS) to research, recommend and vote proxies in accordance with the ISS Proxy Voting Guidelines as set forth in the link below. The Proxy Committee at Lebenthal Lisanti monitor the recommendations made by ISS and have the ability to change the vote if the recommendation is determined to not be in the best interest of a client. Any override of an ISS recommendation would occur only when Lebenthal Lisanti believes that it would be in the best interest of the client to do so. Such a change, and the reasoning behind it, would be documented appropriately.

##### **D. Conflicts of Interest**

Lebenthal Lisanti recognizes that under certain circumstances a conflict of interest may arise in voting proxies on behalf of a client. A “conflict of interest” means any circumstance when Lebenthal Lisanti (including officers and employees) knowingly does business with (e.g., manages the issuer’s assets, administers the issuers employee benefit plan) or receives compensation from, or sits on the board of, a particular issuer or closely affiliated entity, and, therefore may appear to have a conflict of interest between its own interests and the interests of clients in how proxies of that issuer are voted. If Lebenthal Lisanti believes that it has a conflict of interest with respect to voting proxies on behalf of the Fund, it will default to ISS’s recommendations for the particular situation and will not have the ability to override the recommendations.

##### **E. Abstention**

Lebenthal Lisanti may abstain from voting proxies in certain circumstances. Lebenthal Lisanti may determine, for example, that abstaining from voting is appropriate if voting may be unduly burdensome or expensive, or otherwise not in the best interest of the shareholder, such as when foreign proxy issuers impose unreasonable or expensive voting or holding requirements or when costs to shareholder to affect a vote would be uneconomic relative to the value of the shareholders investment in the issuer.

## **F. Recordkeeping**

Lebenthal Lisanti will maintain files relating to its proxy voting policies and procedures. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record, with the records for the first two years kept in Lebenthal Lisanti's principal office. Records of the following will be included in the files: (i) copies of Lebenthal Lisanti's proxy voting policies and procedures, and any amendments; (ii) copies of any documents Lebenthal Lisanti created that were material to making a decision how to vote proxies, or that memorialize that decision; and (iii) copies of each written client request for information on how Lebenthal Lisanti voted the client's proxies. Lebenthal Lisanti will rely on ISS to maintain, on Lebenthal Lisanti's behalf, proxy statements received regarding client securities and records of votes cast on behalf of clients.

## **G. Reviews of Proxy Voting Service Provider**

Before engaging a proxy voting service provider and annually thereafter, Lebenthal Lisanti shall review the performance of the provider and confirm that the provider has the capacity and competency to adequately provide the relevant proxy services. Such reviews shall consider matters such as the provider's proxy voting guidelines and, if applicable, changes to such guidelines, research capabilities, experience and client base, conflict identification, mitigation and disclosure processes, organizational and/or ownership changes, administrative capabilities and/or historical performance related to such services. Lebenthal Lisanti shall document such reviews.

## **H. Disclosure**

Lebenthal Lisanti will disclose in its Form ADV Part II that its clients may contact Lebenthal Lisanti by a toll-free number to obtain information on how Lebenthal Lisanti voted such client's proxies and to request a copy of these policies and procedures. Further, a concise summary of these Policies and Procedures for Shareholder Voting will be included in Lebenthal Lisanti's Form ADV Part II, and will be updated whenever the policies and procedures are amended.

The ISS Voting Policies are available for review at the following link:

<http://www.issgovernance.com/policy-gateway/2015-policy-information/>

These are guidelines and are not exhaustive of all of the issues that may come before Lebenthal Lisanti. Therefore, there may be cases in which the final vote cast on a particular issue before a company's shareholders varies from, or may be inconsistent with, the guidelines due to a close examination of the merits of the proposal and consideration of recent and company-specific information. Any vote will be in the best interest of our clients.
